

Discover digital tools that make managing your health easier

Healthcare can be confusing. With a **BCBSND.com** account and the BCBSND Health Insurance app, you get a personalized digital experience that's designed to make life easier.

All members age 13 and older are encouraged to create an account and enjoy the tools and resources available online.

Take a few minutes to create an account

1. Grab your member ID card

2. Go to bcbsnd.com/go/createaccount and sign up

3. Explore all your healthcare tools and resources!

Tools that make it easy

Healthcare shouldn't be a headache. That's why we have easy-to-use tools to help you do the things you need—without the hassle. With your **BCBSND.com** account, you can:

See your claims and care history

View a chronological list of your doctor visits, lab work, medication fills and more.

Stay on top of your coverage

Explore your benefits and see what's covered. Track your deductible and out-of-pocket maximum at a glance.

Find doctors and estimate costs

Quickly search for doctors, urgent care clinics and virtual care in your network and make informed choices.

Compare medications and save money

Look for lower-cost medications,* find in-network pharmacies and connect with a pharmacist.

View personalized insights

Get tips that help you optimize your benefits and save money.

Earn rewards for healthy activities

Complete healthy activities with the Empower360SM well-being program and get rewarded.*
