

Always have your member ID card handy

Tired of digging out your insurance card every time you visit the doctor or pharmacy? With the BCBSND Health Insurance app, you can use your phone's digital wallet instead.

Convenience is good. But that's not all:

- It's available 24/7—even when you're offline
- It's always current—no more expired cards
- You can download it, print it or share it with covered family members and providers

Go digital today!

Download the BCBSND Health Insurance app, sign in or create your account, then click on **Member ID card** and follow the simple prompts to add it to your digital wallet.

Manage your health plan from anywhere

The BCBSND Health Insurance app is much more than just a digital member ID card (though that's a pretty handy feature). It's your healthcare home base, where you can manage your benefits, find care, get support and discover new ways to save. Here are some essential features to make healthcare easier—and more affordable—for you and your family:

Track claims

Plan and budget easier with all your claims info and EOBs in one place.

Access virtual care

Quickly connect to urgent, behavioral and specialty virtual care providers.

Find doctors

Search for in-network providers and compare their performance ratings to help you choose high-quality, cost-effective care.

Chat live with Customer Service

Get answers and support from local experts who care.
