

When something minor turns to life changing

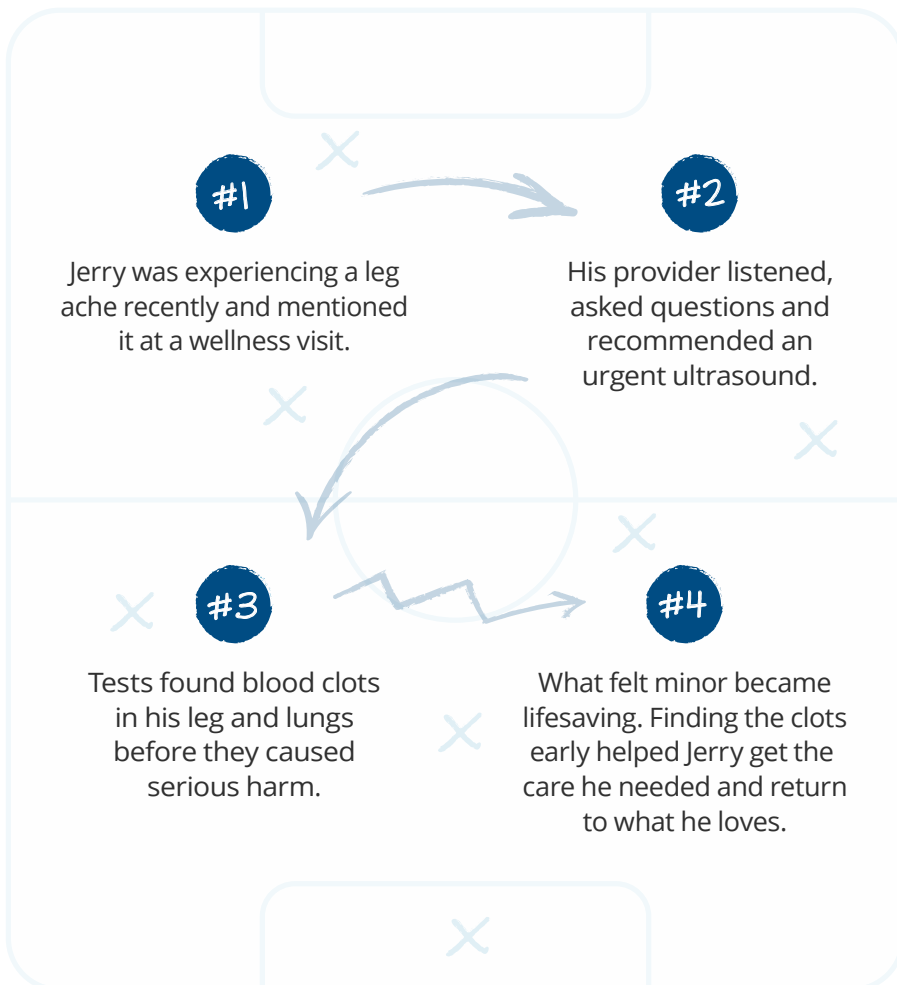

Jerry W.
Fargo, ND

He almost brushed it off

As a soccer coach, Jerry is used to bumps and bruises, so he didn't think much of the pain in his leg. When he mentioned it at his wellness visit, his doctor recommended more testing. An emergency ultrasound revealed a blood clot in his leg and further testing revealed clots in his lungs.

Preventive visits help catch issues early. Talk to your provider about:

Blood pressure

Blood sugar

Cholesterol

Colorectal

Prostate

Mental health
