

# When mental stress gives physical cues.

Anna G.  
Bismarck, ND

## Meet Anna: Noticing the signs and sharing her story

Fatigue, headaches and constant stress were signs Anna could no longer ignore. What felt physical was tied to anxiety she had carried for years. With the right support, she began caring for her mental and physical health together.

### Connected care

Choose care that looks at both your mind and your body as part of one health story. Solutions like Vitellacare help connect mental and physical health for a more complete care experience.

### Support and tools

Build daily habits that support your mental well being, from managing stress to strengthening emotional health.

Virtual and in-person  
mental health care

Self-guided mental  
health support

Tools to manage stress  
and build resilience
