

Quantity Limit Program Summary

Quantity Limits

To help with safe and effective drug use, some drugs have limits on how much of a particular drug you can get for a specific time period.

If there is medical reason why you need an amount that is greater than what is allowed, your physician can fill out a Quantity Limit prior authorization form for you and send it to Prime Therapeutics. This form can be found on the MyPrime.com website.

Note: Quantity limits apply to all available MultiSource Code (MSC) products

Your health benefit plan may not cover certain prescription drug products or drug categories included in this document. Please consult your benefit plan materials for details about your particular benefit.

This document may include drugs that are not included on your plan's formulary. For drug coverage status, please consult your plan's formulary.
