Prime Therapeutics LLC (Prime) is an independent company that manages pharmacy benefits for Blue Cross Blue Shield of North Dakota members

## Introduction

The attached Blue Cross and Blue Shield of North Dakota (BCBSND) NetResults Formulary shows covered drugs for a broad range of diseases.

Generic drugs are shown in lower-case boldface type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic products have no reference brand.

Brand prescription drugs are shown in capital letters followed by the generic name.

The BCBSND Formulary is organized into broad categories (e.g. anti-infective drugs). Within most categories, drugs are sub-grouped by drug class (e.g. penicillins) or by use for a specific medical condition (e.g. diabetes).

Members are encouraged to show this list to their physicians and pharmacists. Physicians are encouraged to prescribe drugs on this list, when right for the member. However, decisions regarding therapy and treatment are always between members and their physician.

Please refer to your member guide for detailed information regarding your pharmacy benefits, including your benefit design, out-of-pocket costs, prior review and restricted access medication requests and applicable exclusions. You may also call the number on the back of your member ID card.

## How Drugs are Selected for Coverage and Tier Placement

Covered drugs on this list are selected and placed into tiers (refer to Member Prescription Benefit section) based on the recommendations of a Pharmacy and Therapeutics (P&T) Committee made up of physicians and pharmacists from throughout the country. The committee, which includes at least one representative from the health insurer or claims administrator of your health plan, reviews prescription drugs regulated by the U.S. Food and Drug Administration (FDA) based on safety, efficacy, and uniqueness. Once drugs are deemed appropriate for coverage, and safety and efficacy have been evaluated, cost may be considered to determine final tier placement and coverage requirements.

Drugs are reviewed by the P&T Committee when newly approved by the FDA and at least annually after initial review. Drug coverage is subject to change at any time but the drug list will be updated quarterly. There are many reasons why drug coverage or tier placement may change. Examples include:

- The tier level of a medication included on the medication list may increase (change to a higher tier or non-covered) when an FDA-approved bioequivalent generic medication becomes available
- Change in the cost of the medication and/or in the classification of the medication by the U.S. Food and Drug Administration (FDA) or nationally-recognized medication databases (e.g., Medispan)

Coverage is limited to prescription drugs approved by the Food and Drug Administration (FDA) as evidenced by a New Drug Application (NDA), Abbreviated New Drug Application (ANDA) or Biologics License Application (BLA) on file. Any legal requirements or group-specific benefits for coverage will supersede this (e.g. preventive drugs per the Affordable Care Act).

Newly marketed prescription drugs will not be covered until the P&T Committee has had an opportunity to review the drug to determine whether the drug will be covered and, if so, which tier will apply based on safety, efficacy and the availability of other products within that class of drugs.

## Formulary Tiers

Tier placement of prescription medications in the NetResults Formulary may be determined by the effectiveness and safety of the medication, the cost of the medication, and /or the classification of the medications by the U.S. Food and Drug Administration (FDA) or nationally-recognized medication databases (e.g., Medispan). The plan design determines the member's payment obligation.

Definitions for the six-tiered benefit structure (this is one example of the formulary tiers available – other tier structures exist):

- **Tier 1:** Preferred Generics
- **Tier 2:** Non-Preferred Generics
- **Tier 3:** Preferred Brands
- **Tier 4:** Non-Preferred Brands
- **Tier 5:** Preferred Specialty
- **Tier 6:** Non-Preferred Specialty

Note:

Depending on your benefit plan, drugs can either be in these tiers or you may have fewer tiers (e.g. all generics in one tier). To verify your payment amount for a drug, please call the phone number on the back of your ID card.

## Generic medications

In most cases, choosing a generic medication equivalent, when available, will mean significant savings to you. We encourage you to discuss with your physician whether a generic alternative is available as these medications represent safe, effective treatment options. Especially in the case of medications that are taken daily and refilled frequently, you will experience the long-term savings of a lower medication payment month after month. If you choose a brand name prescription medication and a generic equivalent is available, you may be subject to a reduced benefit and a higher out-of-pocket expense.

## How member payment is determined

Generally, each prescription drug product is placed into one of up to six member payment tiers: Preferred Generic (Tier 1), Non-Preferred Generic (Tier 2), Preferred Brand (Tier 3), Non-Preferred Brand (Tier 4), Preferred Specialty (Tier 5) and Non-Preferred Specialty (Tier 6).

**Your pharmacy benefit includes coverage for many prescription drugs, although some exclusions may apply.** For example, drugs indicated for cosmetic purposes, e.g., Propecia, for hair growth, may not be covered. Drugs that have not received FDA approval are not covered. Prescription products that have over-the-counter (OTC) equivalents may not be covered. Drugs that are not FDA-approved for self-administration may be available through your medical benefit.

## Coverage considerations

Most prescription drug benefit plans provide coverage for up to a 30-day supply of medication, with some exceptions. Your plan may also provide coverage for up to a 90-day supply of maintenance medications. Maintenance medications are those drugs you may take on an ongoing basis for conditions such as high blood pressure, diabetes or high cholesterol. Specialty medications are limited to a 30-day supply only. Some plans may exclude coverage for certain agents or drug categories, like those used for erectile dysfunction or weight loss.

**Specialty Drugs:** Certain medical conditions may require the use of a “Specialty Drug.” These drugs typically meet one or more of the following characteristics:

- High cost due to treatment of complex conditions
- Self-injected, inhaled or taken orally
- Special handling or storage
- Strict compliance and patient support
- Additional education and support required from a health care professional
- Usually not stocked at retail pharmacies
- May only be available through limited distribution arrangements

**Affordable Care Act:** Please note, some medications may have limited or \$0 cost-sharing under the Affordable Care Act (ACA). Examples of categories of medications that may be subject to limited or \$0 cost

share include aspirin, breast cancer preventive, fluoride supplements, folic acid supplements, iron supplements, statins, tobacco cessation, vaccines, and some contraceptive medications and devices.

For a complete listing of products covered at \$0, please refer to the NetResults ACA Preventive Drug List.

**Over-the-counter exclusions:** Your benefit plan may not provide coverage for prescription medications that have an over-the-counter version. You should refer to your benefit plan material for details about your particular benefits.

**Compounded medications:** Your benefit plan may not provide coverage for compounded medications. Please see your plan materials or call the number on the back of your member ID card to determine whether compounded medications are covered and/or to verify your payment amount.

Drugs that have not received FDA approval are not covered.

## Utilization Management

**Prior approval (PA):** Your benefit plan may require prior approval for certain drugs. This means that your doctor will need to submit an approval request for coverage of these medications, and the request will need to be approved before the medication will be covered under your plan. For the medications listed in this document, if a prior approval is commonly required, it will generally be noted next to the medication with a dot under the prior approval column. Some plans may have require prior approval on additional medications beyond those noted in this document. Refer to your benefit plan materials for details about your particular benefits.

**Step Therapy (ST):** Your benefit plan may include a step therapy program. This means you may need to try another proven, cost-effective medication before coverage may be available for the drug included in the program. Many brand drugs have less expensive generic or brand alternatives that might be an option for you. For the medications listed in this document, if a step therapy is commonly required, it will generally be noted next to the medication with a dot under the step therapy column. Some plans may have step therapy programs on additional medications beyond those noted in this document. Refer to your benefit plan materials for details about your particular benefits.

**Dispensing Limits:** Dispensing limits help encourage medication use as intended by the FDA. Dispensing limits are placed on medications in certain drug categories. For the medications listed in this document, if a dispensing limit applies, it will generally be noted next to the medication with a dot under the dispensing limits column. Limits may include quantity of covered medication per prescription, quantity of covered medication in a given time period, coverage only for members within a certain age range, and coverage only for members of a specific gender. If your doctor prescribes a greater quantity of medication than what the dispensing limit allows, you can still get the medication. However, you will be responsible for the full cost of the prescription beyond what your coverage allows.\*

\*Please note: For certain controlled substance medications, some state laws may not allow coverage by a health benefit plan of such medication if dispensed in a quantity beyond what the dispensing limit allows. You will be responsible for the full cost of the prescription with no benefits applied if the dispensed quantity exceeds the dispensing limit.

**Remember, medication decisions are between you and your doctor.** Only you and your doctor can determine which medication is right for you. Discuss any questions or concerns you have about medications you are taking or are prescribed with your doctor. BCBSND does not provide health care services and, therefore, cannot guarantee any results or outcomes.

## How to use this list

Generic drugs are shown in lower-case **boldface** type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic products have no reference brand.

Example: **atorvastatin** (Lipitor)

Brand drugs are listed in all CAPITAL letters.

Example: PROAIR HFA

- Preferred Generics are marked with a “1” and shown in lower-case **boldface** type
- Non-Preferred Generics are marked with an “2” and shown in lower-case **boldface** type
- Preferred Brands are marked with a “3” and shown in all CAPITAL letters
- Non-Preferred Brands are marked with an “4” and shown in all CAPITAL letters
- Preferred Specialty Drugs are marked with a “5” and shown as lower-case **boldface** type or in all CAPITAL letters. These drugs are also marked with a dot in the Specialty column.
- Non-Preferred Specialty Drugs are marked with an “6” and shown as lower-case **boldface** type or in all CAPITAL letters. These drugs are also marked with a dot in the Specialty column.

For example: If you have a four tier copay plan, then:

- Preferred generics (tier 1) and non-preferred generics (tier 2) will have the same copay
- Preferred brands (tier 3) will have the same copay
- Non-preferred brands (tier 4) will have the same copay
- Specialty medicine (tier 5 and 6) will have the same copay

Drugs that are denoted with a “+” in the Prescription Drug List indicate group specific coverage. Please refer to your benefit booklet for coverage details.

## Abbreviation Key

**aer** ..... aerosol  
**cap** ..... capsules  
**chew** ..... chewable  
**conc** ..... concentrate  
**cr** ..... controlled release  
**dr** ..... delayed release

**w/** ..... with

In accordance with federal regulations, Blue Cross Blue Shield of North Dakota is required to provide you the following disclosure:

Blue Cross Blue Shield of North Dakota complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, gender identity, sexual orientation or sex. Blue Cross Blue Shield of North Dakota does not exclude people or treat them differently because of race, color, national origin, age, disability, gender identity, sexual orientation or sex.

Blue Cross Blue Shield of North Dakota:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, please call Member Services at 1-844-363-8457 (toll-free) or through the North Dakota Relay at 1-800-366-6888 or 711.

If you believe that Blue Cross Blue Shield of North Dakota has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, gender identity, sexual orientation or sex, you can file a grievance with:

Civil Rights Coordinator

4510 13th Ave S

Fargo, ND 58121

701-297-1638 or North Dakota Relay at 800-366-6888 or 711

701-282-1804 (fax)

[CivilRightsCoordinator@bcbsnd.com](mailto:CivilRightsCoordinator@bcbsnd.com) (email) (Communication by unencrypted email presents a risk.)

You can file a grievance in person or by mail, fax, or email within 180 days of the date of the alleged discrimination. Grievance forms are available at <http://www.bcbsnd.com/report> or by calling 1-844-363-8457. If you need help filing a grievance, the Civil Rights Coordinator is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services

200 Independence Avenue SW.

Room 509F, HHH Building

Washington, DC 20201

800-368-1019 or 800-537-7697 (TDD)

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>

<b>ASSORTED CLASSES</b>					
ASTAGRAF XL- tacrolimus cap er 24hr 0.5 mg, 1 mg, 5 mg	4				
<b>azathioprine tab 50 mg (Imuran)</b>	2				
<b>azathioprine tab 75 mg, 100 mg</b>	2				
BENLYSTA- belimumab subcutaneous solution auto-injector 200 mg/ml	6	•	•		•
BENLYSTA- belimumab subcutaneous solution prefilled syringe 200 mg/ml	6	•	•		•
CELLCEPT- mycophenolate mofetil cap 250 mg	4				
CELLCEPT- mycophenolate mofetil for oral susp 200 mg/ml	4				
CELLCEPT- mycophenolate mofetil tab 500 mg	4				
<b>cyclosporine cap 25 mg, 100 mg (Sandimmune)</b>	2				
<b>cyclosporine modified cap 25 mg, 100 mg (Neoral)</b>	2				
<b>cyclosporine modified cap 50 mg</b>	2				
<b>cyclosporine modified oral soln 100 mg/ml (Neoral)</b>	2				
ENSPRYNG- satralizumab-mwge subcutaneous soln pref syringe 120 mg/ml	6	•	•		•

Drug Name	Tier Designation	Specialty	Prior Approval	Step Therapy	Dispensing Limits
ENVARUSUS XR- tacrolimus tab er 24hr 0.75 mg, 1 mg, 4 mg	4				
<b>everolimus tab 0.25 mg, 0.5 mg, 0.75 mg, 1 mg (Zortress)</b>	2				
IMURAN- azathioprine tab 50 mg	4				
JOENJA- leniolisib phosphate tab 70 mg	6	•	•		•
<b>lenalidomide caps 2.5 mg (Revlimid)</b>	5	•	•		•
<b>lenalidomide cap 5 mg, 10 mg, 15 mg, 20 mg, 25 mg (Revlimid)</b>	5	•	•		•
LOKELMA- sodium zirconium cyclosilicate for susp packet 5 gm, 10 gm	3				
LUPKYNIS- voclosporin cap 7.9 mg	6	•	•		•
<b>mycophenolate mofetil cap 250 mg (Cellcept)</b>	2				
<b>mycophenolate mofetil for oral susp 200 mg/ml (Cellcept)</b>	2				
<b>mycophenolate mofetil tab 500 mg (Cellcept)</b>	2				
<b>mycophenolate sodium tab dr 180 mg (mycophenolic acid equiv), 360 mg (mycophenolic acid equiv) (Myfortic)</b>	2				
MYFORTIC- mycophenolate sodium tab dr 180 mg (mycophenolic acid equiv), 360 mg (mycophenolic acid equiv)	4				
NEORAL- cyclosporine modified cap 25 mg, 100 mg	4				
NEORAL- cyclosporine modified oral soln 100 mg/ml	4				
<b>penicillamine tab 250 mg (Depen titratabs)</b>	5	•			
PROGRAF- tacrolimus cap 0.5 mg, 1 mg, 5 mg	4				
PROGRAF- tacrolimus packet for susp 0.2 mg, 1 mg	4				
RAPAMUNE- sirolimus oral soln 1 mg/ml	4				

Drug Name	Tier Designation	Specialty	Prior Approval	Step Therapy	Dispensing Limits
RAPAMUNE- sirolimus tab 0.5 mg, 1 mg, 2 mg	4				
RESET- digital therapy application - substance use disorder	3+				
RESET NON-MONETARY CM- digital therapy application - substance use disorder	3+				
RESET-O- digital therapy application - substance use disorder	3+
