Individual Benefit Plan Amendment

This is an amendment made to your health benefit plan. Please read this amendment carefully and keep it with your Certificate of Insurance for future reference. All other provisions remain as set forth in your Certificate of Insurance.

Under Section 2, COVERED SERVICES, the following provision is amended.

OUTPATIENT PRESCRIPTION MEDICATIONS OR DRUGS

Benefits are available for Prescription Medications or Drugs approved by BCBSND and that are Medically Appropriate and Necessary for the treatment of a Member and dispensed on or after the effective date of coverage. Benefits include diabetes supplies prescribed by a Health Care Provider.

Prescription Medications or Drugs and diabetes supplies will be categorized by BCBSND as a Formulary Drug, Nonformulary Drug, Nonpayable Drug, Payable Over-the-Counter (OTC) Drug, Restricted Use Drug or Specialty Drug. Restricted Use Drugs require Precertification and/or are subject to a limited dispensing amount or a Step Therapy requirement. Certain Prescription Medications or Drugs are subject to a route of administration exclusion. The coverage for these Prescription Medications or Drugs under this Benefit Plan is available only through medical benefits and not as an Outpatient Prescription Medication or Drug. A list of the various categories of Prescription Medications or Drugs and route of administration exclusions may be obtained by visiting our website at www.BCBSND.com or by calling Member Services. See the telephone number on the back of the Identification Card.

BCBSND utilizes a formulary listing. This listing contains both Brand Name and Generic Prescription Medications or Drugs. If a Member receives a Nonformulary Drug the Nonformulary Drug sanction will apply.

A Member may be responsible for payment of the Cost Sharing Amounts at the time the Prescription Medication or Drug is dispensed. A Participating Pharmacy agrees not to charge or collect any amount from the Member that exceeds the Cost Sharing Amounts. All claims must be submitted by the Participating Pharmacy. If the Member submits a claim for services received at a Participating Pharmacy, charges in excess of the Allowed Charge are the Subscriber's responsibility.

Note: Specialty Drugs must be received from the preferred specialty pharmacy network. Mail order prescriptions must be received from the preferred mail order pharmacy.

If a Member receives Prescription Medications or Drugs from a Nonparticipating Pharmacy, the Member is responsible for payment of the Prescription Order or refill in full at the time it is dispensed and to submit appropriate reimbursement information to BCBSND. Payment for covered Prescription Medications or Drugs will be sent to the Subscriber. Any charges in excess of the Allowed Charge are the Subscriber's responsibility.

A Member may call the toll-free number on the Identification Card to obtain information on Pharmacies participating in the BCBSND preferred pharmacy network, preferred mail order pharmacy network and preferred specialty pharmacy network.

Under Section 4, EXCLUSIONS, the following provision is deleted.

Counseling services for the treatment of a gambling addiction or nicotine addiction.

If you have any questions regarding this amendment, please contact Member Services at the address or telephone number on the back of your Identification Card.

INTRODUCTION

Benefits described in this Benefit Plan are available to Members and cannot be transferred or assigned. Any attempt to transfer or assign the benefits of this Benefit Plan to ineligible persons will result in automatic termination of this Benefit Plan by BCBSND.

Please review this Benefit Plan and retain it with your other important papers. If you are not satisfied with this Benefit Plan for any reason, you may return it to BCBSND within 10 days of its delivery to you and the premium paid will be refunded.

BCBSND believes this Benefit Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Subscriber's Benefit Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any Cost Sharing Amounts. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to BCBSND at the telephone number and address on the back of the Member's Identification Card. Members may also contact the U.S. Department of Health and Human Services at www.healthreform.gov.

The Subscriber will receive an Identification Card displaying the Unique Member Identifier and other information about this Benefit Plan. All Members share this Unique Member Identifier. Carry the Identification Card at all times. If the Identification Card is lost, contact BCBSND to request a replacement. The Subscriber must not let anyone other than an Eligible Dependent use the Identification Card. If another person is allowed to utilize the Identification Card, the Member's coverage will be terminated.

Present your Identification Card to your Health Care Provider to identify yourself as a Member of BCBSND. Participating Health Care Providers will submit claims on your behalf. You will be notified in writing by BCBSND of benefit payments made for Covered Services. Please review your Explanation of Benefits and advise BCBSND if you were billed for services you did not receive.

If you receive services from a Health Care Provider that will not submit claims on your behalf, you are responsible for the submission of a written notice of a claim for the services you received within 12 months after the date the services were provided. The written notice must include information necessary for BCBSND to determine benefits.

**SECTION 1
SCHEDULE OF BENEFITS**

This section outlines the payment provisions for Covered Services described in Section 2, subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

1.1 COST SHARING AMOUNTS

Cost Sharing Amounts include Coinsurance, Copayment, Deductible, Prescription Medication or Drug Coinsurance Maximum, Infertility Services Deductible and Out-of-Pocket Maximum Amounts. A Member is responsible for the Cost Sharing Amounts. Please see Section 1.6, Outline of Covered Services, for the specific Cost Sharing Amounts that apply to this Benefit Plan. All Members contribute to the Deductible and Coinsurance Amounts. However, a Member's contribution cannot be more than the Individual Coverage amount. Health Care Providers may bill you directly or request payment of Coinsurance, Copayment and Deductible Amounts at the time services are provided.

If BCBSND pays amounts to the Health Care Provider that are the Member's responsibility, such as Deductibles, Copayments or Coinsurance Amounts, BCBSND may collect such amounts directly from the Member. The Member agrees that BCBSND has the right to collect such amounts from the Member.

Under this Benefit Plan the Deductible Amounts are:

Individual Coverage	\$1,000 per Benefit Period
Parent and Child Coverage	\$1,500 per Benefit Period
Parent and Children Coverage	\$1,500 per Benefit Period
Two Person Coverage	\$2,000 per Benefit Period
Family Coverage	\$2,000 per Benefit Period

Under this Benefit Plan the Coinsurance Maximum Amounts are:

Individual Coverage	\$2,000 per Benefit Period
Parent and Child Coverage	\$3,000 per Benefit Period

Under this Benefit Plan the Lifetime Infertility Services Deductible Amount is:

\$500 per Member

Under this Benefit Plan the Outpatient Prescription Medication or Drug Coinsurance Maximum Amount is:

\$1,000 per Member per Benefit Period

1.2 LIFETIME MAXIMUM

The Lifetime Maximum for this Benefit Plan is unlimited, except for specific Covered Services as listed in the Outline of Covered Services.

1.3 SELECTING A HEALTH CARE PROVIDER

This Benefit Plan recognizes the following categories of Health Care Providers based on the Health Care Provider's relationship with BCBSND:

A. Participating Health Care Providers

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to BCBSND on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and BCBSND.

When Covered Services are received from a Participating Health Care Provider, a provider discount provision is in effect. This means the Allowance paid by BCBSND will be considered by the Participating Health Care Provider as payment in full, except for Cost Sharing Amounts, Maximum Benefit Allowances or Lifetime Maximums.

Participating Health Care Providers have also agreed to perform authorization requirements on behalf of the Member.

B. Nonparticipating Health Care Providers

If a Member receives Covered Services from a Nonparticipating Health Care Provider, the Member will be responsible for notifying BCBSND of the receipt of services by submitting a claim within 12 months after the date of the services. The written notice must include information necessary for BCBSND to determine benefits. If BCBSND needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Nonparticipating Health Care Provider. In addition, the Member will be responsible for compliance with all required authorization provisions. See Section 3, Authorizations.

1. Nonparticipating Health Care Providers Within the State of North Dakota

If a Member receives Covered Services from a Nonparticipating Health Care Provider within the state of North Dakota, benefit payments will be based on the Allowance.

The Member is responsible for any charges in excess of the Allowance for Covered Services.

Benefit payments will be made directly to the Subscriber for Covered Services received from a Nonparticipating Health Care Provider. BCBSND will not honor an assignment of benefit payments to any other person or Health Care Provider.

2. Nonparticipating Health Care Providers Outside the State of North Dakota

If a Member receives Covered Services from a Nonparticipating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by BCBSND.

The Member is responsible for any charges in excess of the Allowance for Covered Services.

If a Member receives Covered Services from a Health Care Provider in a county contiguous to North Dakota, the benefit payment will be provided on the same basis as a Health Care Provider located in the state of North Dakota. If the Health Care Provider is a Participating Health Care Provider, the benefit payment will be as indicated in the Outline of Covered Services. If the Health Care Provider is not a Participating Health Care Provider, benefits will be available at the same level as Nonparticipating Health Care Providers within the state of North Dakota.

Payment for Covered Services received from out-of-state Health Care Providers will be made directly to the Subscriber unless a special arrangement exists between BCBSND and the Health Care Provider. BCBSND may designate an out-of-state Health Care Provider as Nonpayable.

An assignment of payment to an out-of-state Health Care Provider must be in writing, filed with each claim and approved by BCBSND.

3. Nonparticipating Health Care Providers in a Participating Health Care Provider Setting

In certain situations, a Member may receive Covered Services Including anesthesiology, radiology or pathology from a Nonparticipating Health Care Provider in a Participating Health Care Provider setting. When these situations occur, benefits Including anesthesiology, radiology or pathology Covered Services from the Nonparticipating Health Care Provider will be available at the same level as a Participating Health Care Provider, and reimbursement will be based on the Allowance.

The Member is responsible for any charges in excess of the Allowance for Covered Services.

Benefit payments will be made directly to the Subscriber for Covered Services received from a Nonparticipating Health Care Provider. BCBSND will not honor an assignment of benefits to any other person or Health Care Provider.

C. Nonpayable Health Care Providers

If BCBSND designates a Health Care Provider as Nonpayable, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the Nonpayable Health Care Provider. Notice of designation as a Nonpayable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Nonpayable Health Care Provider. As of the date of termination, all charges incurred by a Member for services received from the Nonpayable Health Care Provider will be the Subscriber's responsibility.

D. Inter-Plan Arrangements

BCBSND has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever a Member obtains health care services outside of the geographic area BCBSND serves, the claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When a Member receives care outside of the BCBSND service area, the Member will receive care from one of two kinds of health care providers. Most health care providers ("participating health care providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some health care providers ("nonparticipating health care providers") do not contract with the Host Blue. Below BCBSND explains how BCBSND pays both kinds of health care providers.

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits and vision care benefits (except when paid as medical claims/benefits), and those prescription drug benefits that may be administered by a third party contracted by BCBSND to provide the specific service or services.

1. BlueCard® Program

Under the BlueCard Program, when a Member accesses health care services within the geographic area serviced by a Host Blue, BCBSND will remain responsible for fulfilling BCBSND's contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating health care providers.

When a Member obtains health care services outside the geographic area BCBSND serves and the claim is processed through the BlueCard Program, the amount the Member pays for Covered Services is calculated on the **lower** of:

- The Host Blue's participating health care provider's billed charges, or
- The negotiated price that the Host Blue makes available to BCBSND.

Often, this "negotiated price" will be a simple discount that reflects an actual price paid by the Host Blue. Sometimes it is an estimated price that takes into account special arrangements with a health care provider or with a specified group of health care providers that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSND uses for the Member's claim because they will not be applied after a claim is already paid.

2. Value-Based Programs

If a Member receives Covered Services under a Value-Based Program inside a Host Blue's service area, the Member will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSND through average pricing or fee schedule adjustments.

For the purpose of this provision, the following definitions apply:

- a. Care Coordination: Organized, information-driven patient care activities intended to facilitate the appropriate responses to a Member's health care needs across the continuum of care.
- b. Care Coordinator Fees: A fixed amount paid by a Blue Cross and/or Blue Shield Plan to health care providers periodically for Care Coordination under a Value-Based Program.
- c. Provider Incentive: An additional amount of compensation paid to a health care provider by a Blue Cross and/or Blue Shield Plan, based on the health care provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.
- d. Value-Based Program: An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local health care providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

3. Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, BCBSND will include any such surcharge, tax or other fee as part of the claim charge passed on to the Member.

4. Nonparticipating Health Care Providers Outside the BCBSND Service Area

When Covered Services are provided outside of BCBSND's service area by nonparticipating health care providers, the amount the Member pays for such services will generally be based on either the Host Blue's nonparticipating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be responsible for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency Services.

In certain situations, BCBSND may use other payment bases, such as the payment BCBSND would make if the Covered Services had been obtained within the BCBSND service area, or a special negotiated payment to determine the amount BCBSND will pay for Covered Services provided by nonparticipating health care providers. In these situations, a Member may be liable for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph.

For further information on Nonparticipating Health Care Providers within the BCBSND service area, see the Nonparticipating Health Care Providers section under Selecting a Health Care Provider in Section 1 of the Benefit Plan.

5. Blue Cross Blue Shield Global Core

If Members are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands (hereinafter: "BlueCard service area"), they may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is not served by a Host Blue.

If a Member needs medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, the Member should call the Blue Cross Blue Shield Global Core Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

a. Inpatient Services

In most cases, if a Member contacts the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require the Member to pay for covered inpatient services, except for Cost Sharing Amounts. In such cases, the hospital will submit the Member's claims to the Blue Cross Blue Shield Global Core Service Center to initiate claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to obtain reimbursement for Covered Services.

b. Outpatient Services

Physicians, urgent care centers and other outpatient health care providers located outside the BlueCard service area will typically require a Member to pay in full at the time of service. The Member must submit a claim to obtain reimbursement for Covered Services.

c. Submitting a Blue Cross Blue Shield Global Core Claim

When a Member pays for Covered Services outside the BlueCard service area, the Member must submit a claim to obtain reimbursement. For institutional and professional claims, the Member should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the health care provider's itemized bill(s) to the Blue Cross Blue Shield Global Core Service Center address on the form to initiate claims processing. The claim form is available from BCBSND, the Blue Cross Blue Shield Global Core Service Center or online at www.bcbsglobalcore.com. If a Member needs assistance with claim submissions, the Member should call the Blue Cross Blue Shield Global Core Service Center.

E. Health Care Providers Outside the United States

The benefits available under this Benefit Plan are also available to Members traveling or living outside of the United States. The Precertification requirements will apply. See the Blue Cross Blue Shield Global Core section above for further information on services received outside the United States.

BCBSND will reimburse Prescription Medications or Drugs purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

F. Medicare Private Contracts

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services and indicate that neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider and that the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge. Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and BCBSND will limit its payment to the amount BCBSND would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by BCBSND.

1.4 CONTINUITY OF CARE

If a Member is receiving an active course of treatment care from a Participating Health Care Provider who becomes a Nonparticipating Health Care Provider during the active course of treatment, BCBSND will authorize continuity of care at the Participating Health Care Provider level for the following conditions or situations:

- A. Continuation for up to 90 days:
 - 1. Active treatment (radiation, chemotherapy, surgery) for cancer;
 - 2. Active treatment for severe or end stage kidney disease or dialysis;
 - 3. Active treatment for mental health or substance abuse services; or
 - 4. A serious acute condition or other life threatening condition.

- B. Continuation through the first postpartum visit:
 - 1. A pregnancy beyond the first trimester; or
 - 2. A high risk pregnancy.

- C. Continuation for up to 1 year:
 - 1. A transplant or on a waiting list to receive a transplant.

- D. Continuation as long as the individual is a Member under this Benefit Plan:
 - 1. Receiving active treatment for Human Immunodeficiency Virus (HIV) or Symptomatic Acquired Immunodeficiency Syndrome (AIDS).

The Member or the Member's Authorized Representative must submit a written request for continuity of care to BCBSND within 180 days of the first day the Health Care Provider is deemed a Nonparticipating Health Care Provider.

Benefit payment will be made directly to the Subscriber for Covered Services received from the Nonparticipating Health Care Provider. Charges exceeding BCBSND's Allowance will be considered noncovered services and the Member is responsible for any charges in excess of the Allowance for Covered Services.

For further information, please contact Member Services at the telephone number and address on the back of the Identification Card.

1.5 OUTLINE OF COVERED SERVICES

BCBSND only has the authority to determine the extent of benefits available for Covered Services under this Benefit Plan.**

In an effort to control rising health care costs, BCBSND reserves the option to implement cost management and/or disease management programs. If a cost management and/or disease management program is implemented, BCBSND will establish policies and procedures governing the program.

A Member seeking Covered Services from a Health Care Provider requiring Precertification grants to that Health Care Provider authority to act on behalf of the Member as the Member's Authorized Representative. As an Authorized Representative, the Health Care Provider assumes responsibility to act on behalf of the Member in pursuing a Claim for Benefits or appeal of an adverse benefit determination from a Claim for Benefits. See Section 6, Claims for Benefits, Appeals and Grievances.

A Member seeking Covered Services requiring Precertification designates the Authorized Representative to act and receive notices and information related to a Claim for Benefits on behalf of the Member pursuing a Claim for Benefits or appeal of an adverse benefit determination from a Claim for Benefits. The Member agrees that all information and notifications related to the Claim for Benefits requiring Precertification is to be directed solely to the Authorized Representative unless the Member specifically requests that any notices or information also be delivered to the Member.

Receipt of Precertification does not guarantee payment of benefits. All services provided are subject to further review by BCBSND to ensure the services are Medically Appropriate and Necessary. Benefits will be denied if the Member is not eligible for coverage under this Benefit Plan on the date services are provided or if services received are not Medically Appropriate and Necessary as determined by BCBSND. Benefits for authorized services are subject to the definitions, conditions, limitations and exclusions of this Benefit Plan.

Precertification is required prior to obtaining services.

If the Member's medical condition does not allow the Member to obtain Precertification due to an emergency Admission, the Member or the Member's representative is requested to notify BCBSND of the Admission during the next BCBSND business day or as soon thereafter as reasonably possible to obtain authorization.

To inquire on the Precertification process, please contact Member Services at the telephone number and address on the back of the Identification Card.

Notification Responsibility

If a Member seeks Covered Services from a Health Care Provider that participates with BCBSND, the Participating Health Care Provider assumes responsibility for all Precertification requirements.

If a Member seeks Covered Services from a Health Care Provider that does not participate with BCBSND, compliance with Precertification requirements is the Member's responsibility.

BCBSND will issue a notice of approval or denial following review of the Precertification request.

3.2 **CONCURRENT REVIEW**

Concurrent review is the ongoing review of the Medical Appropriateness and Necessity of the required Admissions outlined in Section 3.1 to an Institutional Health Care Provider. BCBSND will monitor the inpatient Admission to determine whether benefits will be available for continued inpatient care.

If BCBSND determines benefits are not available because the continued stay is not Medically Appropriate and Necessary, BCBSND will provide notice to the Member, the Member's attending Professional Health Care Provider or the Institutional Health Care Provider. No benefits will be available for services received after the date provided in BCBSND's notice of the termination of benefits.

3.3 **DISCHARGE PLANNING**

Discharge planning is the process of assessing the availability of benefits after a hospitalization. BCBSND supports discharge planning by providing information on benefits available for those services determined to be Medically Appropriate and Necessary for the Member's continued care and treatment.

3.4 **CASE MANAGEMENT**

Case management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services required to meet an individual's health needs, using communication and available resources to promote quality, cost effective outcomes.

Cases are identified for possible case management involvement based on a request for review or the presence of a number of parameters, such as:

- admissions that exceed the recommended or approved length of stay;
- utilization of health care services that generates ongoing and/or excessively high costs;
- conditions that are known to require extensive and/or long term follow up care and/or treatment.

BCBSND's case management process may include a flexible benefits option. This option allows professional case managers to assist Members with certain complex and/or chronic health issues by coordinating complicated treatment plans and other types of complex patient care plans. Through the flexible benefits option, case managers may identify a less costly alternative treatment plan for the Member. Members who are eligible to receive services through the flexible benefits option are asked to provide verbal consent for the alternative plan. If the Member and the Member's Health Care Provider agree with the plan, alternative benefits will begin immediately and the Member will be asked to sign an alternative benefits agreement that includes the terms listed below, in addition to any other terms specified in the agreement.

Alternative benefits will be made available for a limited period of time and are subject to BCBSND's ongoing review. The Member must cooperate with the review process.

If BCBSND approves alternative benefits, BCBSND does not guarantee that these will be extended beyond the limited time period and/or scope of treatment initially approved or that these will be approved in the future.

The decision to offer alternative benefits is solely BCBSND's and any extension of alternative benefits beyond the specified approved service and/or dates is not subject to the appeals process.

All decisions made by case management are based on the individual circumstances of that Member's case. Each case is reviewed on its own merits and any benefits provided are under individual consideration.

- C. If a Member is enrolled under a Benefit Plan for which premium amounts are determined according to age and it is determined the age has been misstated or miscalculated, premium adjustments will be made as follows:
 - 1. If premium amounts were paid in excess of the amount due, the excess premium will be refunded.
 - 2. If the premium amount billed was less than required for the age, premium will be increased on the next billing date.

5.2 AUTOMATIC PAYMENT WITHDRAWAL

By completing the automatic payment withdrawal section on the application, the Subscriber authorizes their financial institution to periodically deduct the current premium from their checking account and to remit same to BCBSND. This authorization will continue in effect until revoked in writing by the Subscriber. A 30-day notice is needed when canceling an automatic withdrawal authorization. BCBSND is not responsible for overdrafts and fees due to insufficient funds in the Subscriber's checking account.

5.3 TIME LIMIT ON CERTAIN DEFENSES

The validity of this Benefit Plan may not be contested, except for nonpayment of premiums, after it has been in force for 2 years, beginning on the individual Member's effective date. Further, the validity of this Benefit Plan may not be contested on the basis of a statement made relating to insurability by any Member after continuous coverage has been in force for 2 years during the Member's lifetime, unless the statement is written and signed by such Member. This time limit does not apply to fraudulent misstatements.

5.4 STATUS OF MEMBER ELIGIBILITY

Each Member agrees to furnish BCBSND with any information required by BCBSND for the purpose of enrollment. Any changes affecting a Member's eligibility for coverage must be provided to BCBSND by the Member immediately, but in any event the Member shall notify BCBSND within 31 days of the change.

A Member making a statement (including the omission of information) on the application or in relation to any of the terms of this Benefit Plan constituting fraud or an intentional misrepresentation of a material fact will result in the rescission of this Benefit Plan by BCBSND. A rescission is a cancellation or discontinuance of coverage, including any benefits paid, that has a retroactive effect of voiding this Benefit Plan or any benefits paid under the terms of this Benefit Plan.

5.5 NOTICE AND PROOF OF CLAIM

The Member is responsible for providing BCBSND with written notice and proof of a claim within 12 months after the occurrence or commencement of a loss for which benefits are available under this Benefit Plan. The written notice and proof of a claim must include the information necessary for BCBSND to determine benefits.

5.6 PAYMENT OF CLAIMS

Payment of claims will be made upon receipt of written notice and proof of a claim as provided in Section 5.5.

5.7 PHYSICAL EXAMINATIONS

BCBSND at its own expense may require a physical examination of the Member as often as necessary during the pendency of a claim and may require an autopsy in case of death if the autopsy is not prohibited by law.

5.8 LIMITATION OF ACTIONS

No legal action may be brought for payment of benefits under this Benefit Plan prior to the expiration of 60 days following BCBSND's receipt of a claim for Covered Services or later than 3 years after the expiration of the time within which notice of a claim is required by this Benefit Plan.

5.9 PREMIUM REFUND/DEATH OF THE SUBSCRIBER

In the event of the Subscriber's death, BCBSND will refund pro-rated premium for the month of the Subscriber's death based on the exact date of death and all premiums paid beyond the month of the Subscriber's death, within 31 days after receiving notice of the death.

5.10 NOTIFICATION REQUIREMENTS AND SPECIAL ENROLLMENT PROVISIONS

- A. The Subscriber is responsible for notifying BCBSND of any mailing address change within 31 days of the change.
- B. The Subscriber is responsible for notifying BCBSND of any change in marital status within 31 days of the change.
 - 1. If the Subscriber marries, the Subscriber's spouse may be added as a Member upon completion of an application and required medical qualification.

The effective date of coverage for the Subscriber's spouse will be the first day of the month following enrollment.

If the application is submitted during the Annual Enrollment Period, medical qualification will not be required if the spouse is under age 19.

- 2. If, because of legal separation, divorce, annulment or death, the Subscriber's spouse is no longer eligible for coverage under this Benefit Plan, the Subscriber's spouse may be eligible for continued health coverage.

Coverage for the Subscriber's spouse under Two Person or Family Coverage will cease effective the first day of the month immediately following timely notice of legal separation, divorce or annulment.

The Subscriber's spouse must apply within 31 days of legal separation, divorce, annulment or death to be eligible for continuous health coverage under a separate benefit plan. If the Subscriber's spouse does not submit an application within 31 days, continuous health coverage under a separate benefit plan will not be available.

- C. The Subscriber is responsible for notifying BCBSND of any change in family status within 31 days of the change.

The effective date of coverage for dependents added to this Benefit Plan within the designated time period will be the date of birth, physical placement or court order. If the application is not submitted within the designated time period, the effective date will be the first of the month following BCBSND's acceptance of the application. The following provisions will apply:

1. At the time of birth, natural children will automatically be added to the Subscriber's Benefit Plan if Family Coverage is in force. If the Subscriber is enrolled under another Contract Type, the Subscriber must submit an application for the newborn child within 31 days of the date of birth. If the application is not submitted within the designated time period, medical qualification will be required.
2. Adopted children may be added to this Benefit Plan if an application, accompanied by a copy of the placement agreement or court order, is submitted to BCBSND within 31 days of physical placement of the child. If the application is not submitted within the designated time period, medical qualification will be required.
3. Children for whom the Subscriber or the Subscriber's living, covered spouse have been appointed legal guardian may be added to this Benefit Plan by submitting an application, a copy of the court order and medical qualification.
4. Children for whom the Subscriber or the Subscriber's living, covered spouse are required by court order to provide health benefits may be added to this Benefit Plan by submitting an application, a copy of the court order and medical qualification.

If the application is submitted during the Annual Enrollment Period, medical qualification will not be required for Members under age 19.

5. If any of the Subscriber's children beyond the age of 26 are medically certified as intellectually disabled or physically disabled, the Subscriber may continue their coverage under Parent and Child, Parent and Children or Family Coverage. Coverage will remain in effect as long as the child remains disabled, unmarried and financially dependent on the Subscriber or the Subscriber's living, covered spouse. BCBSND may request annual verification of a child's disability after coverage for a disabled child has been in effect for 2 years.

The Subscriber must provide proof of incapacity and dependency of a child's disability within 31 days after the end of the month in which a child turns 26 or, if a child is beyond age 26, at the time of initial enrollment. If proof of incapacity and dependency for the dependent's disability is not made within 31 days and a lapse in coverage occurs, the child will be required to apply for coverage under a separate benefit plan. Medical qualification will be required.

6. If a child is no longer an Eligible Dependent under this Benefit Plan, the child must apply within 31 days of the loss of eligibility to be eligible for continuous health coverage under a separate benefit plan.

5.11 **TRANSFER TO ANOTHER BLUE CROSS BLUE SHIELD PLAN**

If a Member moves to the service area of another Blue Cross Blue Shield Plan and BCBSND premiums are billed to the new address, membership must be transferred to the Blue Cross Blue Shield Plan serving that new address. The premium rate and benefits available through the Blue Cross Blue Shield Plan may vary significantly from those offered by BCBSND.

5.12 CANCELLATION OF THIS OR PREVIOUS BENEFIT PLANS

- A. The Subscriber may cancel this Benefit Plan at any time by giving written notice to BCBSND at least 31 days prior to the requested cancellation date. Premiums paid for coverage beyond the end of the month of termination will be refunded.
- B. BCBSND may decide to discontinue offering this Benefit Plan, or all of its individual health insurance products including this Benefit Plan, at any time. If this Benefit Plan is discontinued, BCBSND will provide the Subscriber with at least 90 days prior written notice of the decision to cancel coverage under this Benefit Plan and offer the Subscriber the option to purchase any other individual health insurance product currently being offered by BCBSND in the market. If all individual health insurance products are discontinued including this Benefit Plan, BCBSND will provide the Subscriber with at least 180 days prior written notice of the decision to cancel coverage.
- C. This Benefit Plan supersedes all Benefit Plans previously issued by BCBSND.

5.13 NOTICE TO MOTHERS AND NEWBORNS

BCBSND generally may not, under state law (Section 26.1-36-09.8, N.D.C.C.), restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, state law generally does not prohibit the mother's or newborn's attending Health Care Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, BCBSND may not, under state law, require that a Health Care Provider obtain authorization from BCBSND for prescribing a length of stay not in excess of 48 hours (or 96 hours).

5.14 MEMBER - PROVIDER RELATIONSHIP

Benefits are available only for Medically Appropriate and Necessary services while under the care and treatment of a Health Care Provider. Nothing herein contained shall interfere with the professional relationship between the Member and his or her Health Care Provider.

If the Member remains in an institution after advice is received from the attending Physician that further hospitalization is unnecessary, the Subscriber shall be solely responsible to the institution for all charges incurred after he or she has been so advised. Further, BCBSND may at any time request the attending Physician to certify the necessity of further confinement. If the attending Physician does not certify that further confinement is necessary, the Member is not entitled to further benefits during the confinement.

Each Member is free to select a Health Care Provider and discharge such Health Care Provider. Health Care Providers are free to provide medical care according to his or her own judgment. Nothing contained in this Benefit Plan will interfere with the ordinary relationship that exists between a Health Care Provider and patient or obligate BCBSND in any circumstances to supply a Health Care Provider for any Member. The provision of medical care and/or the decision not to provide medical care may have a financial impact on the Health Care Provider. The Member should consult with his/her Health Care Provider regarding the nature and extent of such a financial impact, if any, as well as how it might affect medical care decisions.

A Member's medical care is between the Member and the Member's Health Care Provider, and this Benefit Plan only explains what is or is not covered, not what medical care the Member should seek.

Costs relating to any services subject to the authorization provisions that are not approved by BCBSND will not be covered. **The ultimate decision on the Member's medical care must be made by the Member and the Member's Health Care Provider. BCBSND only has the authority to determine the extent of benefits available for Covered Services under this Benefit Plan.**

The Member agrees to conform to the rules and regulations of the Hospital in which he or she is a patient, including those rules governing Admissions and types and scope of services furnished by said Hospital.

5.15 **BCBSND'S RIGHT TO RECOVERY OF PAYMENT**

All Members expressly consent and agree to reimburse BCBSND for benefits provided or paid for which a Member was not eligible under the terms of this Benefit Plan. Such reimbursement shall be due and payable immediately upon notification and demand by BCBSND. Further, at the option of BCBSND, benefits or the Allowance therefore may be diminished or reduced as an off set toward such reimbursement. Acceptance of membership fees, or providing or paying benefits by BCBSND, shall not constitute a waiver of their rights to enforce these provisions in the future.

5.16 **CONFIDENTIALITY AND SECURITY**

All Protected Health Information (PHI) maintained by BCBSND under this Benefit Plan is confidential. Any PHI about a Member under this Benefit Plan obtained by BCBSND from that Member or from a Health Care Provider may not be disclosed to any person except:

- A. Upon a written, dated, and signed authorization by the Member or prospective Member or by a person authorized to provide consent for a minor or an incapacitated person;
- B. If PHI identifies the Health Care Provider, upon a written, dated, and signed approval by the Health Care Provider. However, BCBSND may disclose PHI to the Health Care Data Committee for the enhancement of price competition in the health care market. BCBSND may also disclose to a Health Care Provider, as part of a contract or agreement in which the Health Care Provider is a party, data or information that identifies a Health Care Provider as part of mutually agreed upon terms and conditions of the contract or agreement;
- C. If the data or information does not identify either the Member or prospective Member or the Health Care Provider, the data or information may be disclosed upon request for use for statistical purposes or research;
- D. Pursuant to statute or court order for the production or discovery of evidence; or
- E. In the event of a claim or litigation between the Member or prospective Member and BCBSND in which the PHI is pertinent.

This section may not be construed to prevent disclosure necessary for BCBSND to conduct health care operations, including utilization review or management consistent with state law, to facilitate payment of a claim, to analyze health plan claims or health care records data, to conduct disease management programs with Health Care Providers, or to reconcile or verify claims under a shared risk or capitation arrangement. This section does not apply to PHI disclosed by BCBSND as part of a research project approved by an institutional review board established under federal law. This section does not apply to PHI disclosed by BCBSND to the insurance commissioner for access to records of BCBSND for purposes of enforcement or other activities related to compliance with state or federal laws.

BCBSND has implemented administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of Member's PHI that BCBSND creates, receives, maintains, or transmits.

5.17 **NOTICE OF PRIVACY PRACTICES**

BCBSND maintains a Notice of Privacy Practices. This Notice of Privacy Practices outlines BCBSND's uses and disclosures of PHI, sets forth BCBSND's legal duties with respect to PHI and describes a Member's rights with respect to PHI. Members can obtain a Notice of Privacy Practices by contacting Member Services at the telephone number and address on the back of the Identification Card or by visiting the BCBSND website.

5.18 **RETROSPECTIVE DISCOUNT PAYMENT DISCLOSURE**

A Member may be required to pay Cost Sharing Amounts for each Prescription Medication or Drug provided under the terms of this Benefit Plan. A Member will pay these Cost Sharing Amounts directly to the Health Care Provider at the time the Prescription Medication or Drug is dispensed or administered.

In some cases, drug manufacturers may offer retrospective discount payments on certain specific Prescription Medications and Drugs dispensed or administered to Members under the terms of this Benefit Plan. Such retrospective discount payments from the manufacturer are not determined or paid by the manufacturer until at least one year following the date a Prescription Medication or Drug was provided to a Member under the terms of this Benefit Plan. A portion of these retrospective discount payments, if offered, is retained by an entity that performs pharmaceutical manufacturer discount program services through a contract with BCBSND on behalf of this Benefit Plan. Another portion of these retrospective discount payments, if offered, is paid to BCBSND.

Pharmaceutical manufacturer discount program services Include the following: processing and handling of pharmaceutical manufacturer retrospective discounts for applicable claims; billing and collecting appropriate retrospective discounts on those claims from manufacturers; distributing payments in accordance with the terms of manufacturer discount program service agreements; formulary development, use and communication; benefit design analysis and consultation; annual analysis of claims data and recommendations; monthly utilization reporting; formulary appeals; and clinical services including physician and disease-state education programs.

The Member may designate an Authorized Representative to pursue a Claim for Benefits or appeal an adverse determination from a Claim for Benefits. SECTION 7 OTHER PARTY LIABILITY

This section describes BCBSND's Other Party Liability programs and coordinating benefits and services when a Member has other health care coverage available, and outlines the Member's responsibilities under these programs. BCBSND shall determine the interpretation and application of the following Other Party Liability provisions in each and every situation.

7.1 COORDINATION OF BENEFITS

This provision applies when a Member is enrolled under another plan (defined below), whether insured or self-funded, with a similar coordination of benefits provision. If the sum of benefits payable under this Benefit Plan and the other plan exceed the total allowable expense for Covered Services, the benefits payable under this Benefit Plan will be reduced so the sum of benefits payable under all plans does not exceed 100% of the total allowable expense for Covered Services.

For the purposes of this coordination of benefits provision, the following definitions apply:

"Allowable expense" means a health care expense, including deductibles, coinsurance and copayments (if required as part of a plan), that is covered at least in part by any plan covering a Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense not covered by any plan covering a Member is not an allowable expense. In addition, any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an allowable expense. The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semiprivate hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.
- (2) If a Member is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
- (3) If a Member is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
- (4) If a Member is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different from the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.
- (5) The amount of any benefit reduction by the primary plan because a Member has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

"Closed panel plan" means a plan that provides health care benefits to Members primarily in the form of services through a panel of health care providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other health care providers, except in cases of emergency or referral by a panel member.

"Custodial parent" means the parent awarded physical custody by a court order or, in the absence of a court order, the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

"Plan" includes any of the following that provides benefits or services for medical or dental care or treatment: group and nongroup insurance contracts, health maintenance organization contracts, closed panel plans or other forms of group or group-type coverage; medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal government plan, as permitted by law. A "plan" does not include any of the following: hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

- A. Order of Benefits Determination Rules. The order of benefits determination rules govern the order in which this Benefit Plan and another plan will pay benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The secondary plan may reduce the benefits it pays so that the benefits payable under all plans do not total more than 100% of the total allowable expense for Covered Services.

A plan that does not contain a coordination of benefits provision that is consistent with this Benefit Plan's provision is always primary unless the rules of both plans state that this Benefit Plan is primary. An exception exists for coverage that is obtained by virtue of membership in a group that is designed to supplement part of a basic package of benefits and provides that the supplementary coverage shall be excess to any other parts of the plan provided by the policyholder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

If a Claim for Benefits or any other request for reimbursement is submitted under this Benefit Plan the order of payment will be the first of the following rules that apply:

1. Nondependent or dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

However, if the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:

- a. Secondary to the plan covering the person as a dependent; and
- b. Primary to the plan covering the person as other than a dependent (e.g., a retired employee).

Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

2. Dependent child covered under more than one plan. Unless there is a court order stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - (2) If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.

- b. For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This paragraph shall not apply with respect to any plan year during which Covered Services are paid or provided before the entity has actual knowledge of the court order provision. A copy of the court order must be provided to BCBSND upon request;
 - (2) If a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Section 7.1(A.)(2.)(a.) shall determine the order of benefits;
 - (3) If a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Section 7.1(A.)(2.)(a.) shall determine the order of benefits; or
 - (4) If there is no court order allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - a. The plan covering the custodial parent;
 - b. The plan covering the custodial parent's spouse;
 - c. The plan covering the non-custodial parent; and then
 - d. The plan covering the non-custodial parent's spouse.
- c. For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under Section 7.1(A.)(2.)(a.) or Section 7.1(A.)(2.)(b.) as if those individuals were parents of the child.

- 3. Active employee or retired or laid-off employee. The plan that covers a person as an active employee that is, an employee who is neither laid off nor retired, or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. Also, this rule does not apply if the rule in Section 7.1(A.)(1.) can determine the order of benefits.

- 4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber, policyholder or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. Also, this rule does not apply if the rule in Section 7.1(A.)(1.) can determine the order of benefits.

5. Longer or shorter length of coverage. If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within 24 hours after coverage under the first plan ended.

The start of a new plan does not include:

- a. A change in the amount or scope of a plan's benefits;
- b. A change in the entity that pays, provides or administers the plan's benefits; or
- c. A change from one type of plan to another, such as from a single employer plan to a multiple employer plan.

The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group must be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

6. If none of the preceding rules determines the order of benefits, the allowable expenses shall be shared equally between the plans.
- B. If it is determined this Benefit Plan is secondary, the benefits of this Benefit Plan will be reduced so that the total benefits paid or provided by all plans during a Benefit Period are not more than the total allowable expenses. In determining the amount to be paid for any claim, this Benefit Plan will calculate the benefits it would have paid in the absence of coverage under another plan and apply that calculated amount to the allowable expense under this Benefit Plan that is unpaid by the primary plan. The benefits of this Benefit Plan will then be reduced so that they and the benefits payable under the other plans for the claim do not total more than 100% of the total allowable expense for that claim. When the benefits of this Benefit Plan are reduced as described in this subsection, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Plan. In addition, if this Benefit Plan has a deductible and/or coinsurance, the deductible and/or coinsurance will be credited with any amounts that would have been credited in the absence of the other plan.

The ultimate responsibility of BCBSND for payment of Covered Services will never exceed the amount payable in the absence of other coverage.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to administer this coordination of benefits provision and to determine benefits payable under this Benefit Plan and other plans. BCBSND may obtain the facts it needs from or give them to other organizations or persons for the purpose of administering this provision. BCBSND need not tell, or obtain the consent of, any person to do this. Each Member claiming benefits under this Benefit Plan must provide BCBSND with any facts it needs to administer this provision and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this Benefit Plan. If it does, BCBSND may pay that amount to the organization that made the payment. The amount will then be treated as though it were a benefit paid under this Benefit Plan. BCBSND will not have to pay that amount again.

RIGHT OF RECOVERY

If payments have been made by BCBSND for Covered Services in excess of the amount payable under this Benefit Plan, BCBSND may recover the excess from any persons to or for whom such payments were made, including any Member, provider or other organization. The Member agrees to execute and deliver any documentation requested by BCBSND to recover excess payments.

This provision is administered in accordance with the Coordination of Benefits Regulation adopted by the North Dakota Insurance Commissioner.

7.2 **AUTOMOBILE NO-FAULT OR MEDICAL PAYMENT BENEFIT COORDINATION**

If a Member is eligible for basic automobile no-fault benefits or other automobile medical payment benefits as the result of accidental bodily injury arising out of the operation, maintenance or use of a motor vehicle, the benefits available under this Benefit Plan will be reduced by and coordinated with the basic automobile no-fault benefits or other automobile medical payment benefits.

7.3 **MEDICAL PAYMENT BENEFIT COORDINATION**

If a Member is eligible for medical payment benefits provided by any other collectible insurance as a result of an injury, the benefits available under this Benefit Plan will be reduced by and coordinated with the medical payment benefits provided by any other collectible insurance not prohibited from coordination of benefits.

7.4 **RIGHTS OF SUBROGATION, REIMBURSEMENT AND ASSIGNMENT**

If BCBSND pays benefits for Covered Services to or for a Member for any injury or condition caused or contributed to by the act or omission of any third party, BCBSND shall have certain rights of assignment, subrogation and/or reimbursement as set forth below. BCBSND has full discretionary authority to determine whether to exercise any or all of said rights.

A Member must notify BCBSND of the circumstances of the injury or condition, cooperate with BCBSND in doing whatever is necessary to enable BCBSND to assert these rights, and do nothing to prejudice them. The rights stated herein apply automatically in any applicable situation. BCBSND has no obligation to notify a Member of BCBSND's intent to exercise one or more of these rights and BCBSND's failure to provide such a notice shall not constitute a waiver of these rights.

If a Member does not comply with these provisions or otherwise prejudices the rights of BCBSND to assignment, subrogation or reimbursement, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.

- A. Right of Assignment and/or Subrogation: If a Member fails to bring a claim against a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), BCBSND has the right to bring said claim as the assignee and/or subrogee of the Member and to recover any benefits paid under this Benefit Plan.
- B. Right of Reimbursement: If a Member makes any recovery from a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), whether by judgment, settlement or otherwise, the Member must notify BCBSND of said recovery and must reimburse BCBSND to the full extent of any benefits paid by BCBSND, not to exceed the amount of the recovery. This right of reimbursement shall apply to any such recovery to the extent of any benefits paid under this Benefit Plan even if the Member has not received full compensation for the injury or condition. Any recovery the Member may obtain is conclusively presumed to be for the reimbursement of benefits paid by BCBSND until BCBSND has been fully reimbursed.

The Member agrees to not transfer any right to any recovery to a third party or otherwise attempt to avoid BCBSND's rights under this Benefit Plan. The Member agrees that any recovery shall be held in trust for BCBSND until BCBSND has been fully reimbursed and/or that BCBSND shall have a lien on any recovery to the full extent of any benefits paid under this Benefit Plan. The Member agrees that to enforce its rights under this section, BCBSND may pursue any and all remedies, legal or equitable, available under state or federal law, including subrogation, breach of contract, constructive trust, equitable lien, injunction, restitution and any other remedies.

7.5 **WORKERS' COMPENSATION**

If benefits or compensation are available, in whole or in part, under provisions of a state workers' compensation act, laws of the United States or any state or political subdivision thereof, the benefits under this Benefit Plan will be reduced by and coordinated with such other benefits or compensation available to a Member.

If a Member is injured or suffers any condition caused or contributed to by the Member's employment, the Member must notify BCBSND of the circumstances of the injury and condition, cooperate with BCBSND and the United States or any state or political subdivision thereof in doing whatever is necessary to determine the availability of such benefits or compensation, and do nothing to prejudice them.

In the event of the failure of a Member to comply with this provision or if a Member prejudices that Member's right or entitlement to benefits or compensation available under such a program, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.

All benefits are determined on a calendar year (January 1 through December 31) Benefit Period.

BENEFIT PLAN - the agreement with BCBSND, including the Subscriber's application, Identification Card, this Benefit Plan and any supplements, endorsements, attachments, addenda or amendments.

A. **Coinsurance Amount** - a percentage of the Allowed Charge for Covered Services that is a Member's responsibility.

BCBSND shall calculate Coinsurance Amounts on behalf of Members obtaining Covered Services within the BCBSND service area on the lesser of (1) billed charges or (2) provider negotiated payment rates (Allowed Charge).

If Covered Services are obtained by a Member out of the BCBSND service area, the local Blue Cross Blue Shield Plan's (Host Plan) provider contract may require coinsurance calculation that is not based on the discounted price the Health Care Provider has agreed to accept from the Host Plan. Rather, it may be based on the Health Care Provider's billed charges. This may result in a significantly higher Coinsurance Amount for certain services a Member incurs out of the BCBSND service area. It is not possible to provide specific information for each out-of-area Health Care Provider because of the many different arrangements between Host Plans and Health Care Providers. However, if a Member contacts BCBSND prior to incurring out-of-area services, BCBSND may be able to provide information regarding specific Health Care Providers.

B. **Coinsurance Maximum Amount** - the total Coinsurance Amount that is a Member's responsibility during a Benefit Period. The Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period.

When the Out-of-Pocket Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Covered Services, less Copayment Amounts incurred during the remainder of the Benefit Period. The Out-of-Pocket Maximum Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts and the Outpatient Prescription Medication or Drug Cost Sharing Amounts do not apply toward the Out-of-Pocket Maximum Amount.

F. **Prescription Medication or Drug Coinsurance Maximum Amount** - the total Coinsurance Amount for Outpatient Prescription Medications or Drugs that is a Member's responsibility during a Benefit Period. When this Coinsurance Maximum Amount is met, this Benefit Plan will pay 100% of the Allowed Charge for Outpatient Prescription Medications or Drugs, less Copayment Amounts incurred during the remainder of the Benefit Period. This Coinsurance Maximum Amount renews on January 1 of each consecutive Benefit Period. Copayment Amounts and the Nonformulary Drug sanction do not apply toward this Coinsurance Maximum Amount.

 - 2. Children living with the Subscriber for whom the Subscriber or the Subscriber's living, covered spouse has been appointed legal guardian by court order.

The Subscriber's grandchildren or those of the Subscriber's living, covered spouse if: (a) the parent of the grandchild is unmarried, (b) the parent of the grandchild is covered under this Benefit Plan and (c) the parent is primarily dependent on the Subscriber for support. If a lapse in coverage occurs due to ineligibility of the parent under this Benefit Plan, the grandchild cannot be reenrolled unless the Subscriber has been appointed legal guardian.
 - 4. Children for whom the Subscriber or the Subscriber's living, covered spouse are required by court order to provide health benefits.

- B. the drug, device, medical service, treatment or procedure, or the patient informed consent document utilized with the drug, device, medical service, treatment or procedure was reviewed and approved by the treating facility's institutional review board as required by federal law; or
- C. BCBSND determines that there exists reliable evidence that the drug, device, medical service, treatment or procedure

1. is the subject of ongoing phase 1 or phase 2 clinical trials,
 2. is the research, experimental, study or investigational arm of an ongoing phase 3 clinical trial, or
 3. is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis; or
- D.
