If you receive services from a Health Care Provider that will not submit claims on your behalf, you are responsible for the submission of a written notice of a claim for the services you received within 12 months after the date the services were provided. The written notice must include information necessary for BCBSND to determine benefits.

**SECTION 1
SCHEDULE OF BENEFITS**

This section outlines the payment provisions for Covered Services described in Section 2, subject to the definitions, exclusions, conditions and limitations of this Benefit Plan.

1.1 COST SHARING AMOUNTS

This Benefit Plan contains no cost sharing. A Member has no cost sharing responsibilities under this Benefit Plan.

1.2 LIFETIME MAXIMUM

The Lifetime Maximum for this Benefit Plan is unlimited, except for specific Covered Services as listed in the Outline of Covered Services.

1.3 SELECTING A HEALTH CARE PROVIDER

This Benefit Plan recognizes the following categories of Health Care Providers:

A. Network Health Care Provider (BlueCard PPO Health Care Providers)

When Covered Services are received In-Network, the Member will receive benefit payment at a higher level under this Benefit Plan. Reimbursement for Covered Services will be made directly to the Network Health Care Provider according to the terms of this Benefit Plan.

B. Out-of-Network Health Care Providers

If a Member seeks services from an Out-of-Network Health Care Provider, benefit payment will be at the Out-of-Network level.

C. Participating Health Care Providers

When Covered Services are received from a Participating Health Care Provider, a provider discount provision is in effect. This means the Allowance paid by the local Blue Cross and Blue Shield Plan will be considered by the Participating Health Care Provider as payment in full, except for Maximum Benefit Allowances or Lifetime Maximums.

When Covered Services are received from a Participating Health Care Provider, the Participating Health Care Provider agrees to submit claims to BCBSND on behalf of the Member. Reimbursement for Covered Services will be made directly to the Participating Health Care Provider according to the terms of this Benefit Plan and the participation agreement between the Health Care Provider and the local Blue Cross and Blue Shield Plan.

If a Member receives Covered Services from a Participating Health Care Provider that is not a Network Health Care Provider, benefit payment will be at the Out-of-Network level. See Section 1.5, Outline of Covered Services and the Network definition.

Health Care Providers participating with BCBSND have also agreed to perform authorization requirements on behalf of the Member.

D. Nonparticipating Health Care Providers

If a Member receives Covered Services from a Nonparticipating Health Care Provider, the Member will be responsible for notifying BCBSND of the receipt of services by submitting a claim within 12 months after the date of the services. The written notice must include information necessary for BCBSND to determine benefits. Benefit payment will be made directly to the Subscriber for Covered Services received from a Nonparticipating Health Care Provider. If BCBSND needs copies of medical records to process the Member's claim, the Member is responsible for obtaining such records from the Nonparticipating Health Care Provider. In addition, the Member will be responsible for compliance with all required authorization provisions. See Section 3, Authorizations.

Covered Services affected by the provider discount provision when care would have been received from a Participating Health Care Provider, including charges exceeding BCBSND's Allowance, will be considered noncovered services when received from a Nonparticipating Health Care Provider.

If a Member receives Covered Services from a Nonparticipating Health Care Provider outside the state of North Dakota, the Allowance for Covered Services will be an amount within a general range of payments made and judged to be reasonable by BCBSND.

In certain situations, a Member may receive Covered Services including anesthesiology, radiology or pathology from a Nonparticipating Health Care Provider in an In-Network setting. When these situations occur, benefits including anesthesiology, radiology or pathology Covered Services from the Nonparticipating Health Care Provider will be at the In-Network level, and reimbursement will be based on the Allowance.

The Member is responsible for any charges in excess of the Allowance for Covered Services.

In North Dakota BCBSND will not honor an assignment of benefit payments to any other person or Health Care Provider. An assignment of payment to an out-of-state Health Care Provider must be in writing, filed with each claim and approved by BCBSND.

If a Member receives Covered Services from a Nonparticipating Health Care Provider, benefit payment will be at the Out-of-Network level.

E. Nonpayable Health Care Providers

If BCBSND designates a Health Care Provider as Nonpayable, no benefits will be available for Covered Services prescribed by, performed by or under the direct supervision of the Nonpayable Health Care Provider. Notice of designation as a Nonpayable Health Care Provider will be provided to Members at least 30 days prior to the effective date of designation as a Nonpayable Health Care Provider. As of the date of termination, all charges incurred by a Member for services received from the Nonpayable Health Care Provider will be the Subscriber's responsibility.

F. Inter-Plan Arrangements

BCBSND has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever a Member obtains health care services outside of the geographic area BCBSND serves, the claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When a Member receives care outside of the BCBSND service area, the Member will receive care from one of two kinds of health care providers. Most health care providers ("participating health care providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some health care providers ("nonparticipating health care providers") do not contract with the Host Blue. Below BCBSND explains how BCBSND pays both kinds of health care providers.

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits and vision care benefits (except when paid as medical claims/benefits), and those prescription drug benefits that may be administered by a third party contracted by BCBSND to provide the specific service or services.

1. **BlueCard® Program**

Under the BlueCard Program, when a Member accesses health care services within the geographic area serviced by a Host Blue, BCBSND will remain responsible for fulfilling BCBSND's contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating health care providers.

When a Member obtains health care services outside the geographic area BCBSND serves and the claim is processed through the BlueCard Program, the amount the Member pays for Covered Services is calculated on the **lower** of:

- The Host Blue's participating health care provider's billed charges, or
- The negotiated price that the Host Blue makes available to BCBSND.

Often, this "negotiated price" will be a simple discount that reflects an actual price paid by the Host Blue. Sometimes it is an estimated price that takes into account special arrangements with a health care provider or with a specified group of health care providers that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSND uses for the Member's claim because they will not be applied after a claim is already paid.

2. **Value-Based Programs**

If a Member receives Covered Services under a Value-Based Program inside a Host Blue's service area, the Member will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSND through average pricing or fee schedule adjustments.

For the purpose of this provision, the following definitions apply:

- a. **Care Coordination:** Organized, information-driven patient care activities intended to facilitate the appropriate responses to a Member's health care needs across the continuum of care.
- b. **Care Coordinator Fees:** A fixed amount paid by a Blue Cross and/or Blue Shield Plan to health care providers periodically for Care Coordination under a Value-Based Program.
- c. **Provider Incentive:** An additional amount of compensation paid to a health care provider by a Blue Cross and/or Blue Shield Plan, based on the health care provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.
- d. **Value-Based Program:** An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local health care providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

3. Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, BCBSND will include any such surcharge, tax or other fee as part of the claim charge passed on to the Member.

4. Nonparticipating Health Care Providers Outside the BCBSND Service Area

When Covered Services are provided outside of BCBSND's service area by nonparticipating health care providers, the amount the Member pays for such services will generally be based on either the Host Blue's nonparticipating health care provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be responsible for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency Services.

In certain situations, BCBSND may use other payment bases, such as the payment BCBSND would make if the Covered Services had been obtained within the BCBSND service area, or a special negotiated payment to determine the amount BCBSND will pay for Covered Services provided by nonparticipating health care providers. In these situations, a Member may be liable for the difference between the amount that the nonparticipating health care provider bills and the payment BCBSND will make for the Covered Services as set forth in this paragraph.

For further information on Nonparticipating Health Care Providers within the BCBSND service area, see the Nonparticipating Health Care Providers section under Selecting a Health Care Provider in Section 1 of the Benefit Plan.

5. Blue Cross Blue Shield Global Core

If Members are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands (hereinafter: "BlueCard service area"), they may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is not served by a Host Blue.

If a Member needs medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, the Member should call the Blue Cross Blue Shield Global Core Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

a. Inpatient Services

In most cases, if a Member contacts the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require the Member to pay for covered inpatient services, except for Cost Sharing Amounts. In such cases, the hospital will submit the Member's claims to the Blue Cross Blue Shield Global Core Service Center to initiate claims processing. However, if the Member paid in full at the time of service, the Member must submit a claim to obtain reimbursement for Covered Services.

b. Outpatient Services

Physicians, urgent care centers and other outpatient health care providers located outside the BlueCard service area will typically require a Member to pay in full at the time of service. The Member must submit a claim to obtain reimbursement for Covered Services.

c. Submitting a Blue Cross Blue Shield Global Core Claim

When a Member pays for Covered Services outside the BlueCard service area, the Member must submit a claim to obtain reimbursement. For institutional and professional claims, the Member should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the health care provider's itemized bill(s) to the Blue Cross Blue Shield Global Core Service Center address on the form to initiate claims processing. The claim form is available from BCBSND, the Blue Cross Blue Shield Global Core Service Center or online at www.bcbsglobalcore.com. If a Member needs assistance with claim submissions, the Member should call the Blue Cross Blue Shield Global Core Service Center.

G. Health Care Providers Outside the United States

When Members are traveling or living outside of the United States, benefits are only available for Emergency Services under this Benefit Plan. The Precertification requirements will apply. See the Blue Cross Blue Shield Global Core section above for further information on services received outside the United States.

BCBSND will reimburse Prescription Medications or Drugs purchased outside the United States by Members who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Members are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

H. Medicare Private Contracts

A Health Care Provider may ask a Member who is eligible for Medicare to enter into a Medicare private contract where the Member and the Health Care Provider agree that the Member is to be provided with services outside of the Medicare program. This Medicare private contract must be entered into between the Member and the Health Care Provider prior to the receipt of any services and indicate that neither the Member nor the Health Care Provider is permitted to file a request for reimbursement with Medicare for any of the services provided by the Health Care Provider and that the Health Care Provider can charge any amount agreed to by the Member for services instead of the Medicare limiting charge. Under a Medicare private contract, the Health Care Provider can set any price for services but Medicare will not pay anything. If the Member enters into a Medicare private contract, Medicare will not pay any portion of the services and BCBSND will limit its payment to the amount BCBSND would have paid as though Medicare was paying for such Covered Services. If a Member enters into a Medicare private contract, the Member is responsible for paying the difference between the amount billed by the Health Care Provider for Covered Services and the amount paid by BCBSND.

1.4 CONTINUITY OF CARE

If a Member is receiving an active course of treatment care from a Participating Health Care Provider who becomes a Nonparticipating Health Care Provider during the active course of treatment, BCBSND will authorize continuity of care at the Participating Health Care Provider level for the following conditions or situations:

- A. Continuation for up to 90 days:
 - 1. Active treatment (radiation, chemotherapy, surgery) for cancer;
 - 2. Active treatment for severe or end stage kidney disease or dialysis;
 - 3. Active treatment for mental health or substance abuse services; or
 - 4. A serious acute condition or other life threatening condition.

- B. Continuation through the first postpartum visit:
 - 1. A pregnancy beyond the first trimester; or
 - 2. A high risk pregnancy.

- C. Continuation for up to 1 year:
 - 1. A transplant or on a waiting list to receive a transplant.

- D. Continuation as long as the individual is a Member under this Benefit Plan:
 - 1. Receiving active treatment for Human Immunodeficiency Virus (HIV) or Symptomatic Acquired Immunodeficiency Syndrome (AIDS).

The Member or the Member's Authorized Representative must submit a written request for continuity of care to BCBSND within 180 days of the first day the Health Care Provider is deemed a Nonparticipating Health Care Provider.

Benefit payment will be made directly to the Subscriber for Covered Services received from the Nonparticipating Health Care Provider. Charges exceeding BCBSND's Allowance will be considered noncovered services and the Member is responsible for any charges in excess of the Allowance for Covered Services.

For further information, please contact Member Services at the telephone number and address on the back of the Identification Card.

1.5 **OUTLINE OF COVERED SERVICES**

Notification Responsibility

If a Member seeks Covered Services from a Participating BCBSND Health Care Provider that participates with BCBSND, the Participating BCBSND Health Care Provider assumes responsibility for all Precertification requirements.

If a Member seeks Covered Services from a Health Care Provider that does not participate with BCBSND or is a Nonparticipating Health Care Provider, compliance with Precertification requirements is the Member's responsibility.

BCBSND will issue a notice of or denial following review of the Precertification request.

3.2 **CONCURRENT REVIEW**

Concurrent review is the ongoing review of the Medical Appropriateness and Necessity of the required Admissions outlined in Section 3.1 to an Institutional Health Care Provider. BCBSND will monitor the inpatient Admission to determine whether benefits will be available for continued inpatient care.

If BCBSND determines benefits are not available because the continued stay is not Medically Appropriate and Necessary, BCBSND will provide notice to the Member, the Member's attending Professional Health Care Provider or the Institutional Health Care Provider. No benefits will be available for services received after the date provided in BCBSND's notice of the termination of benefits.

3.3 **DISCHARGE PLANNING**

Discharge planning is the process of assessing the availability of benefits after a hospitalization. BCBSND supports discharge planning by providing information on benefits available for those services determined to be Medically Appropriate and Necessary for the Member's continued care and treatment.

3.4 **CASE MANAGEMENT**

Case management is a collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services required to meet an individual's health needs, using communication and available resources to promote quality, cost effective outcomes.

Cases are identified for possible case management involvement based on a request for review or the presence of a number of parameters, such as:

- admissions that exceed the recommended or approved length of stay;
- utilization of health care services that generates ongoing and/or excessively high costs;
- conditions that are known to require extensive and/or long term follow up care and/or treatment.

BCBSND's case management process may include a flexible benefits option. This option allows professional case managers to assist Members with certain complex and/or chronic health issues by coordinating complicated treatment plans and other types of complex patient care plans. Through the flexible benefits option, case managers may identify a less costly alternative treatment plan for the Member. Members who are eligible to receive services through the flexible benefits option are asked to provide verbal consent for the alternative plan. If the Member and the Member's Health Care Provider agree with the plan, alternative benefits will begin immediately and the Member will be asked to sign an alternative benefits agreement that includes the terms listed below, in addition to any other terms specified in the agreement.

Alternative benefits will be made available for a limited period of time and are subject to BCBSND's ongoing review. The Member must cooperate with the review process.

If BCBSND approves alternative benefits, BCBSND does not guarantee that these will be extended beyond the limited time period and/or scope of treatment initially approved or that these will be approved in the future.

The decision to offer alternative benefits is solely BCBSND's and any extension of alternative benefits beyond the specified approved service and/or dates is not subject to the appeals process.

All decisions made by case management are based on the individual circumstances of that Member's case. Each case is reviewed on its own merits and any benefits provided are under individual consideration.

Each Member is free to select a Health Care Provider and discharge such Health Care Provider. Health Care Providers are free to provide medical care according to his or her own judgment. Nothing contained in this Benefit Plan will interfere with the ordinary relationship that exists between a Health Care Provider and patient or obligate BCBSND in any circumstances to supply a Health Care Provider for any Member. The provision of medical care and/or the decision not to provide medical care may have a financial impact on the Health Care Provider. The Member should consult with his/her Health Care Provider regarding the nature and extent of such a financial impact, if any, as well as how it might affect medical care decisions.

A Member's medical care is between the Member and the Member's Health Care Provider, and this Benefit Plan only explains what is or is not covered, not what medical care the Member should seek.

Costs relating to any services subject to the authorization provisions that are not approved by BCBSND will not be covered. **The ultimate decision on the Member's medical care must be made by the Member and the Member's Health Care Provider. BCBSND only has the authority to determine the extent of benefits available for Covered Services under this Benefit Plan.**

Such reimbursement shall be due and payable immediately upon notification and demand by BCBSND. Further, at the option of BCBSND, benefits or the Allowance therefore may be diminished or reduced as an off set toward such reimbursement. Acceptance of membership fees, or providing or paying benefits by BCBSND, shall not constitute a waiver of their rights to enforce these provisions in the future.

5.16 CONFIDENTIALITY AND SECURITY

All Protected Health Information (PHI) maintained by BCBSND under this Benefit Plan is confidential. Unless otherwise provided by law, any PHI about a Member under this Benefit Plan obtained by BCBSND from that Member or from a Health Care Provider may not be disclosed to any person except:

- A. Upon a written, dated, and signed authorization by the Member or prospective Member or by a person authorized to provide consent for a minor or an incapacitated person;

- B. If PHI identifies the Health Care Provider, upon a written, dated, and signed approval by the Health Care Provider. However, BCBSND may disclose PHI to the Health Care Data Committee for the enhancement of price competition in the health care market. BCBSND may also disclose to a Health Care Provider, as part of a contract or agreement in which the Health Care Provider is a party, data or information that identifies a Health Care Provider as part of mutually agreed upon terms and conditions of the contract or agreement;
- C. If the data or information does not identify either the Member or prospective Member or the Health Care Provider, the data or information may be disclosed upon request for use for statistical purposes or research;
- D. Pursuant to statute or court order for the production or discovery of evidence; or
- E. In the event of a claim or litigation between the Member or prospective Member and BCBSND in which the PHI is pertinent.

This section may not be construed to prevent disclosure necessary for BCBSND to conduct health care operations, including utilization review or management consistent with state law, to facilitate payment of a claim, to analyze health plan claims or health care records data, to conduct disease management programs with Health Care Providers, or to reconcile or verify claims under a shared risk or capitation arrangement. This section does not apply to PHI disclosed by BCBSND as part of a research project approved by an institutional review board established under federal law. This section does not apply to PHI disclosed by BCBSND to the insurance commissioner for access to records of BCBSND for purposes of enforcement or other activities related to compliance with state or federal laws.

BCBSND has implemented administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of Member's PHI that BCBSND creates, receives, maintains, or transmits.

5.17 **NOTICE OF PRIVACY PRACTICES**

BCBSND maintains a Notice of Privacy Practices. This Notice of Privacy Practices outlines BCBSND's uses and disclosures of PHI, sets forth BCBSND's legal duties with respect to PHI and describes a Member's rights with respect to PHI. Members can obtain a Notice of Privacy Practices by contacting Member Services at the telephone number and address on the back of the Identification Card or by visiting the BCBSND website.

5.18 **RETROSPECTIVE DISCOUNT PAYMENT DISCLOSURE**

In some cases, drug manufacturers may offer retrospective discount payments on certain specific Prescription Medications and Drugs dispensed or administered to Members under the terms of this Benefit Plan. Such retrospective discount payments from the manufacturer are not determined or paid by the manufacturer until at least one year following the date a Prescription Medication or Drug was provided to a Member under the terms of this Benefit Plan. A portion of these retrospective discount payments, if offered, is retained by an entity that performs pharmaceutical manufacturer discount program services through a contract with BCBSND on behalf of this Benefit Plan. Another portion of these retrospective discount payments, if offered, is paid to BCBSND.

Pharmaceutical manufacturer discount program services include the following: processing and handling of pharmaceutical manufacturer retrospective discounts for applicable claims; billing and collecting appropriate retrospective discounts on those claims from manufacturers; distributing payments in accordance with the terms of manufacturer discount program service agreements; formulary development, use and communication; benefit design analysis and consultation; annual analysis of claims data and recommendations; monthly utilization reporting; formulary appeals; and clinical services including physician and disease-state education programs.

6.3 EXTERNAL REVIEW PROCESS OF CLAIMS FOR BENEFITS (EXTERNAL APPEALS)

A. External Review of Claims for Benefits (Standard)

1. Request for External Review. Under certain circumstances following completion of BCBSND's internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2); a Member and/or a Member's Authorized Representative may request an external review by submitting a request to the North Dakota Department of Insurance (DOI) at 1-701-328-2440 or 1-800-247-0560 or www.nd.gov/ndins/contact. A request for external review is available only for determinations by BCBSND that are adverse to the Member and based on medical necessity and appropriateness (including a determination that a treatment or service is investigative and/or experimental), health care setting, level of care, or effectiveness of a Covered Service, or a rescission. This request for external review must be submitted to the DOI by the first business day of the 5th month following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2).

A Member and/or a Member's Authorized Representative must adhere to the BCBSND internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2) before requesting an external review under this provision unless BCBSND waives this requirement, BCBSND fails to comply with its internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2) and this noncompliance causes, or is likely to cause, prejudice or harm to the Member, or the Member and/or a Member's Authorized Representative requests an expedited internal Claims for Benefits and Appeals review and an external Claims for Benefits and Appeals review at the same time.

In pursuing any external review under this provision, no additional costs will be incurred by the Member, the Member and/or the Member's Authorized Representative shall have the opportunity to submit additional information, and as appropriate under the terms of this Benefit Plan, the Member's coverage will remain in effect pending the outcome of the external review process.

2. Preliminary Review by BCBSND. Within 6 business days following receipt of a Member's and/or a Member's Authorized Representative's request for external review, BCBSND must complete a preliminary review of the request. This preliminary review is used to determine whether the claimant is or was eligible for coverage under this Benefit Plan at the time the service or procedure was requested; the Member and/or a Member's Authorized Representative has completed the applicable internal Claims for Benefits and Appeals requirements set forth in Section 6.1 and/or 6.2 of this Benefit Plan, and the Member and/or the Member's Authorized Representative has submitted all information necessary to process the external review. If the request for external review is incomplete, within 1 business day the DOI must provide notice to the Member and/or the Member's Authorized Representative describing the information and other materials needed to complete the request. The Member and/or the Member's Authorized Representative must submit the information described in the notice provided by the DOI by the first business day of the 5th month following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process or within 48 hours following receipt of this notice from the DOI, whichever is later.
 - a. If the request for external review submitted by the Member and/or the Member's Authorized Representative is complete but the Member is not eligible for the external review process, within 1 business day of making the determination that the Member is not eligible for the external review process, the DOI shall provide notification of this fact to the Member and/or the Member's Authorized Representative, including the reasons for the Member's ineligibility. If the Member and/or the Member's Authorized Representative has any questions in regard to this determination, the Member and/or the Member's Authorized Representative may contact the DOI.
 - b. If the request for external review submitted by the Member and/or the Member's Authorized Representative is complete and meets the eligibility requirements for external review, within 1 business day the DOI shall notify the Member and/or the Member's Authorized Representative of this fact and thereafter, shall immediately refer the eligible request for external review from the Member or the Member's Authorized Representative to an Independent Review Organization (IRO) under contract with the DOI on a random, rotating basis and in a manner that eliminates any conflicts of interest with the IRO that may influence the determination by the IRO.
3. Referral of External Review to Independent Review Organization (IRO). Upon referral of the Member's and/or the Member's Authorized Representative's request for external review to the IRO, the following process shall be implemented.
 - a. The DOI shall notify the Member and/or the Member's Authorized Representative in a timely manner and in writing of the assignment of the Member's and/or the Member's Authorized Representative's request for external review to the IRO. The DOI shall notify the Member and/or the Member's Authorized Representative that the Member and/or the Member's Authorized Representative has up to 5 business days following this written notice to submit any additional information the Member and/or the Member's Authorized Representative wants the IRO to consider when completing the external review.
 - b. Within 5 business days after the date that the DOI assigns the Member's and/or the Member's Authorized Representative's request for external review to an IRO, BCBSND shall provide the assigned IRO the documents and any information considered by BCBSND in the Claims for Benefits determination completed by BCBSND.

- c. Should the Member and/or the Member's Authorized Representative submit additional information to the IRO, the IRO must forward this information to BCBSND within 1 business day. Upon receipt of this information, in its discretion, BCBSND may reconsider its initial Claims for Benefits determination that is the subject of the request for external review and determine to reverse its initial determination. Upon any review completed under these circumstances, BCBSND must notify the DOI, the IRO and the Member and/or the Member's Authorized Representative of its determination and the IRO must terminate the external review assigned by the DOI.
- d. The IRO shall review all of the information and documents submitted to it in a timely manner in completing its external review. The assigned IRO shall complete its review and provide notice of its final determination to the Member and/or the Member's Authorized Representative, the DOI and BCBSND within 45 days after the IRO receives its assignment of the request for external review from the DOI. The determination of the IRO is final and binding on the Member and BCBSND, subject to any other remedies available under state or federal law.

B. External Review of Claims for Benefits (Expedited)

1. Request for Expedited External Review. Under certain circumstances a Member and/or a Member's Authorized Representative may request an expedited external review by submitting a request to the North Dakota Department of Insurance (DOI) at 1-701-328-2440 or 1-800-247-0560 or www.nd.gov/ndins/contact. At the time the Member and/or the Member's Authorized Representative makes a request for expedited external review, the internal Claims for Benefits determination completed by BCBSND must involve a medical condition of the Member where the timeframe for completing a standard internal appeal would seriously jeopardize the life or health of the Member or would jeopardize the Member's ability to regain maximum function and the Member and/or the Member's Authorized Representative submitted a request for an expedited internal appeal with BCBSND; or the internal Claims for Benefits determination completed upon appeal by BCBSND involves a Member's medical condition where the timeframe for completing a standard external review would seriously jeopardize the life or health of the Member, would jeopardize the Member's ability to regain maximum function, or if the internal Claims for Benefits determination completed upon appeal by BCBSND involves an admission, availability of care, continued stay, or health care item or service for which the Member received Emergency Services but has not been discharged from a health care facility. This request for expedited external review must be submitted to the DOI by the first business day of the 5th month following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2).

A Member and/or a Member's Authorized Representative must adhere to the BCBSND internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2) before requesting an external review under this provision unless BCBSND waives this requirement, BCBSND fails to comply with its internal Claims for Benefits and Appeals process (Section 6.1 and/or 6.2) and this noncompliance causes, or is likely to cause, prejudice or harm to the Member, or the Member and/or the Member's Authorized Representative requests an expedited internal appeal and an external review at the same time.

In pursuing any external review under this provision, no additional costs will be incurred by the Member, the Member and/or the Member's Authorized Representative shall have the opportunity to submit additional information, and as appropriate under the terms of this Benefit Plan, the Member's coverage will remain in effect pending the outcome of the external review process.

2. Preliminary Review by BCBSND. Immediately following receipt of a Member's and/or the Member's Authorized Representative's request for expedited external review, BCBSND must complete a preliminary review of the request. This preliminary review is used to determine whether the claimant is or was eligible for coverage under this Benefit Plan at the time the service or procedure was requested; the Member and/or the Member's Authorized Representative has completed the applicable internal Claims for Benefits and Appeals as requested, and the Member and/or the Member's Authorized Representative has submitted all information necessary to process the expedited external review. If the Member's and/or the Member's Authorized Representative's request for expedited external review is incomplete, the DOI must immediately provide notice to the Member and/or the Member's Authorized Representative describing the information and other materials needed to complete the request. The Member and/or the Member's Authorized Representative must submit the information described in the notice provided by the DOI by the first business day of the 5th month following BCBSND's final determination pursuant to the internal Claims for Benefits and Appeals process or within 48 hours following receipt of this notice from the DOI, whichever is later.
 - a. If the request for expedited external review submitted by the Member and/or the Member's Authorized Representative is complete but the Member is not eligible for the expedited external review process, immediately after making its determination that the Member is not eligible for the expedited external review process, the DOI shall provide notification of this fact to the Member and/or the Member's Authorized Representative, including the reasons for the Member's ineligibility. If the Member and/or the Member's Authorized Representative have any questions in regard to this determination by the DOI, the Member and/or the Member's Authorized Representative may contact the North Dakota Department of Insurance at 1-701-328-2440 or 1-800-247-0560 or www.nd.gov/ndins/contact.
 - b. If the request for expedited external review submitted by the Member and/or the Member's Authorized Representative is complete and meets the eligibility requirements for expedited external review, the DOI shall immediately notify the Member and/or the Member's Authorized Representative of this fact and thereafter, shall immediately refer the eligible request for external review from the Member or the Member's Authorized Representative to an IRO under contract with the DOI on a random, rotating basis and in a manner that eliminates any conflicts of interest with the IRO that may influence the determination by the IRO.
3. Referral of Expedited External Review to Independent Review Organization (IRO). Upon referral of the Member's and/or the Member's Authorized Representative's request for expedited external review to the IRO, the following process shall be implemented.
 - a. The DOI shall immediately provide BCBSND with the contact information regarding the assigned IRO, and BCBSND shall provide or transmit to the assigned IRO electronically, by telephone, facsimile or any other expeditious method available, all necessary documents and any information considered in the internal Claims for Benefits determination completed by BCBSND.
 - b. The IRO shall review all of the information and documents submitted to it in a timely manner in completing its expedited external review. The assigned IRO shall complete its review and provide notice of its final determination to the Member and/or the Member's Authorized Representative, the DOI and BCBSND as expeditiously as the Member's medical condition or circumstance require, but in no event more than 72 hours after the IRO receives the request for expedited external review from the DOI. If this notice is not in writing, written confirmation of the determination must be provided within 48 hours. The determination of the IRO is final and binding on the Member and BCBSND, subject to any other remedies available under state or federal law.

Information regarding the external review process is also available at www.BCBSND.com.

6.4 GRIEVANCES

In certain situations, a Member and/or the Member's Authorized Representative may file a grievance with BCBSND. A "grievance" is a written or oral complaint, if the complaint is submitted by or on behalf of a Member and/or the Member's Authorized Representative, that involves one of the following:

- A. Quality of Care Grievance - a complaint related to the quality of health care services provided by a Health Care Provider;
- B. Quality of Service Grievance - a complaint related to the non-clinical services received by a Member that may include but are not limited to complaints regarding access to care, waiting times, claims payment or reimbursement for health care services; or
- C. Administrative Grievance - any complaint involving the terms of coverage and plan services administered by BCBSND.

The Member and/or the Member's Authorized Representative can file a grievance or receive assistance with filing and/or completing a grievance by contacting Member Services at Blue Cross Blue Shield of North Dakota, PO Box 1570, Fargo, North Dakota 58107-1570 or telephone 1-844-363-8457.

Grievances may be filed orally or in writing no later than 180 days after the incident. The Member and/or the Member's Authorized Representative will receive a response within 30 days.

SECTION 7 OTHER PARTY LIABILITY

This section describes BCBSND's Other Party Liability programs and coordinating benefits and services when a Member has other health care coverage available, and outlines the Member's responsibilities under these programs. BCBSND shall determine the interpretation and application of the following Other Party Liability provisions in each and every situation.

7.1 COORDINATION OF BENEFITS

This provision applies when a Member is enrolled under another plan (defined below), whether insured or self-funded, with a similar coordination of benefits provision. If the sum of benefits payable under this Benefit Plan and the other plan exceed the total allowable expense for Covered Services, the benefits payable under this Benefit Plan will be reduced so the sum of benefits payable under all plans does not exceed 100% of the total allowable expense for Covered Services.

For the purposes of this coordination of benefits provision, the following definitions apply:

"Allowable expense" means a health care expense, including deductibles, coinsurance and copayments (if required as part of a plan), that is covered at least in part by any plan covering a Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense not covered by any plan covering a Member is not an allowable expense. In addition, any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a Member is not an allowable expense. The following are examples of expenses that are not allowable expenses:

- (1) The difference between the cost of a semiprivate hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.
- (2) If a Member is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.
- (3) If a Member is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.
- (4) If a Member is covered by one plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangement shall be the allowable expense for all plans. However, if the provider has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different from the primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the allowable expense used by the secondary plan to determine its benefits.
- (5) The amount of any benefit reduction by the primary plan because a Member has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

"Closed panel plan" means a plan that provides health care benefits to Members primarily in the form of services through a panel of health care providers that have contracted with or are employed by the plan, and that excludes coverage for services provided by other health care providers, except in cases of emergency or referral by a panel member.

"Custodial parent" means the parent awarded physical custody by a court order or, in the absence of a court order, the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

"Plan" includes any of the following that provides benefits or services for medical or dental care or treatment: group and nongroup insurance contracts, health maintenance organization contracts, closed panel plans or other forms of group or group-type coverage; medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal government plan, as permitted by law. A "plan" does not include any of the following: hospital indemnity coverage or other fixed indemnity coverage; accident-only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident-type coverage; benefits for nonmedical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

- A. Order of Benefits Determination Rules. The order of benefits determination rules govern the order in which this Benefit Plan and another plan will pay benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another plan may cover some expenses. The secondary plan may reduce the benefits it pays so that the benefits payable under all plans do not total more than 100% of the total allowable expense for Covered Services.

A plan that does not contain a coordination of benefits provision that is consistent with this Benefit Plan's provision is always primary unless the rules of both plans state that this Benefit Plan is primary. An exception exists for coverage that is obtained by virtue of membership in a group that is designed to supplement part of a basic package of benefits and provides that the supplementary coverage shall be excess to any other parts of the plan provided by the policyholder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

If a Claim for Benefits or any other request for reimbursement is submitted under this Benefit Plan the order of payment will be the first of the following rules that apply:

1. Nondependent or dependent. The plan that covers the person other than as a dependent, for example as an employee, member, subscriber, policyholder or retiree, is the primary plan and the plan that covers the person as a dependent is the secondary plan.

However, if the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:

- a. Secondary to the plan covering the person as a dependent; and
- b. Primary to the plan covering the person as other than a dependent (e.g., a retired employee).

Then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber, policyholder or retiree is the secondary plan and the other plan covering the person as a dependent is the primary plan.

2. Dependent child covered under more than one plan. Unless there is a court order stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or

- (2) If both parents have the same birthday, the plan that has covered the parent longest is the primary plan.
- b. For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This paragraph shall not apply with respect to any plan year during which Covered Services are paid or provided before the entity has actual knowledge of the court order provision. A copy of the court order must be provided to BCBSND upon request;
 - (2) If a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Section 7.1(A.)(2.)(a.) shall determine the order of benefits;
 - (3) If a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Section 7.1(A.)(2.)(a.) shall determine the order of benefits; or
 - (4) If there is no court order allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - a. The plan covering the custodial parent;
 - b. The plan covering the custodial parent's spouse;
 - c. The plan covering the non-custodial parent; and then
 - d. The plan covering the non-custodial parent's spouse.
- c. For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under Section 7.1(A.)(2.)(a.) or Section 7.1(A.)(2.)(b.) as if those individuals were parents of the child.
- 3. Active employee or retired or laid-off employee. The plan that covers a person as an active employee that is, an employee who is neither laid off nor retired, or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.

If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored. Also, this rule does not apply if the rule in Section 7.1(A.)(1.) can determine the order of benefits.

- 4. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber, policyholder or retiree is the primary plan and the plan covering that same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.

If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. Also, this rule does not apply if the rule in Section 7.1(A.)(1.) can determine the order of benefits.

5. Longer or shorter length of coverage. If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.

To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within 24 hours after coverage under the first plan ended.

The start of a new plan does not include:

- a. A change in the amount or scope of a plan's benefits;
- b. A change in the entity that pays, provides or administers the plan's benefits; or
- c. A change from one type of plan to another, such as from a single employer plan to a multiple employer plan.

The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group must be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.

6. If none of the preceding rules determines the order of benefits, the allowable expenses shall be shared equally between the plans.
- B. If it is determined this Benefit Plan is secondary, the benefits of this Benefit Plan will be reduced so that the total benefits paid or provided by all plans during a Benefit Period are not more than the total allowable expenses. In determining the amount to be paid for any claim, this Benefit Plan will calculate the benefits it would have paid in the absence of coverage under another plan and apply that calculated amount to the allowable expense under this Benefit Plan that is unpaid by the primary plan. The benefits of this Benefit Plan will then be reduced so that they and the benefits payable under the other plans for the claim do not total more than 100% of the total allowable expense for that claim. When the benefits of this Benefit Plan are reduced as described in this subsection, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Benefit Plan. In addition, if this Benefit Plan has a deductible and/or coinsurance, the deductible and/or coinsurance will be credited with any amounts that would have been credited in the absence of the other plan.

The ultimate responsibility of BCBSND for payment of Covered Services will never exceed the amount payable in the absence of other coverage.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to administer this coordination of benefits provision and to determine benefits payable under this Benefit Plan and other plans. BCBSND may obtain the facts it needs from or give them to other organizations or persons for the purpose of administering this provision. BCBSND need not tell, or obtain the consent of, any person to do this. Each Member claiming benefits under this Benefit Plan must provide BCBSND with any facts it needs to administer this provision and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another plan may include an amount that should have been paid under this Benefit Plan. If it does, BCBSND may pay that amount to the organization that made the payment. The amount will then be treated as though it were a benefit paid under this Benefit Plan. BCBSND will not have to pay that amount again.

RIGHT OF RECOVERY

If payments have been made by BCBSND for Covered Services in excess of the amount payable under this Benefit Plan, BCBSND may recover the excess from any persons to or for whom such payments were made, including any Member, provider or other organization. The Member agrees to execute and deliver any documentation requested by BCBSND to recover excess payments.

This provision is administered in accordance with the Coordination of Benefits Regulation adopted by the North Dakota Insurance Commissioner.

7.2 **AUTOMOBILE NO-FAULT OR MEDICAL PAYMENT BENEFIT COORDINATION**

If a Member is eligible for basic automobile no-fault benefits or other automobile medical payment benefits as the result of accidental bodily injury arising out of the operation, maintenance or use of a motor vehicle, the benefits available under this Benefit Plan will be reduced by and coordinated with the basic automobile no-fault benefits or other automobile medical payment benefits.

7.3 **MEDICAL PAYMENT BENEFIT COORDINATION**

If a Member is eligible for medical payment benefits provided by any other collectible insurance as a result of an injury, the benefits available under this Benefit Plan will be reduced by and coordinated with the medical payment benefits provided by any other collectible insurance not prohibited from coordination of benefits.

7.4 **RIGHTS OF SUBROGATION, REIMBURSEMENT AND ASSIGNMENT**

If BCBSND pays benefits for Covered Services to or for a Member for any injury or condition caused or contributed to by the act or omission of any third party, BCBSND shall have certain rights of assignment, subrogation and/or reimbursement as set forth below. BCBSND has full discretionary authority to determine whether to exercise any or all of said rights.

A Member must notify BCBSND of the circumstances of the injury or condition, cooperate with BCBSND in doing whatever is necessary to enable BCBSND to assert these rights, and do nothing to prejudice them. The rights stated herein apply automatically in any applicable situation. BCBSND has no obligation to notify a Member of BCBSND's intent to exercise one or more of these rights and BCBSND's failure to provide such a notice shall not constitute a waiver of these rights.

If a Member does not comply with these provisions or otherwise prejudices the rights of BCBSND to assignment, subrogation or reimbursement, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.

A. Right of Assignment and/or Subrogation: If a Member fails to bring a claim against a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), BCBSND has the right to bring said claim as the assignee and/or subrogee of the Member and to recover any benefits paid under this Benefit Plan.

B. Right of Reimbursement: If a Member makes any recovery from a third party (including any person, firm or corporation which may be liable for or on behalf of the third party), whether by judgment, settlement or otherwise, the Member must notify BCBSND of said recovery and must reimburse BCBSND to the full extent of any benefits paid by BCBSND, not to exceed the amount of the recovery. This right of reimbursement shall apply to any such recovery to the extent of any benefits paid under this Benefit Plan even if the Member has not received full compensation for the injury or condition. Any recovery the Member may obtain is conclusively presumed to be for the reimbursement of benefits paid by BCBSND until BCBSND has been fully reimbursed.

The Member agrees to not transfer any right to any recovery to a third party or otherwise attempt to avoid BCBSND's rights under this Benefit Plan. The Member agrees that any recovery shall be held in trust for BCBSND until BCBSND has been fully reimbursed and/or that BCBSND shall have a lien on any recovery to the full extent of any benefits paid under this Benefit Plan. The Member agrees that to enforce its rights under this section, BCBSND may pursue any and all remedies, legal or equitable, available under state or federal law, including subrogation, breach of contract, constructive trust, equitable lien, injunction, restitution and any other remedies.

7.5 **WORKERS' COMPENSATION**

If benefits or compensation are available, in whole or in part, under provisions of a state workers' compensation act, laws of the United States or any state or political subdivision thereof, the benefits under this Benefit Plan will be reduced by and coordinated with such other benefits or compensation available to a Member.

If a Member is injured or suffers any condition caused or contributed to by the Member's employment, the Member must notify BCBSND of the circumstances of the injury and condition, cooperate with BCBSND and the United States or any state or political subdivision thereof in doing whatever is necessary to determine the availability of such benefits or compensation, and do nothing to prejudice them.

In the event of the failure of a Member to comply with this provision or if a Member prejudices that Member's right or entitlement to benefits or compensation available under such a program, BCBSND shall have full discretion to withhold payment of any future benefits to or for the Member and to off set the benefits already paid to or for the Member against the payment of any future benefits to or for the Member regardless of whether or not said future benefits are related to the injury or condition.
