Who is eligible for benefits?

If you have family coverage, benefits are available for you, your spouse and eligible children. If you have single plus dependent coverage, you and your eligible children are covered. Eligible children include:

- Children under age 26. Coverage will be continued until the end of the month in which the child becomes age 26.
- Children placed with you or your covered spouse for adoption, or children which you or your covered spouse have legal guardianship or are court ordered to provide health benefits.
- Grandchildren of yours or your covered spouse if:
  - The parent of the grandchild is unmarried.
  - The parent of the grandchild is a covered eligible dependent.
  - The parent and grandchild are primarily dependent on you or your covered spouse for their support.
- Children incapable of self-support because of mental retardation or a physical handicap that began before they reached 26 years of age and who are primarily dependent on you or your covered spouse.

Outpatient prescription drug benefits.

Benefits are available nationwide at any pharmacy participating in the preferred pharmacy network. To locate a participating pharmacy, call the special toll-free number listed on the back of your ID card. When you use this national network, your claims are filed for you.

Prescription drugs are categorized as formulary, nonformulary, nonpayable or restricted-use drugs. A restricted-use drug may have a dispensing limit and/or require prior approval.

When a generic drug is available but not accepted, the member is responsible for the difference between the cost of the generic and brand name drug. Prescriptions filled at a nonparticipating pharmacy must be paid in full and a paper claim submitted. All costs above the allowance are the member's responsibility.

Preventive screening services.

Well child care for members to the member's 6th birthday according to guidelines supported by the Health Resources and Services Administration.

Preventive screening services for members age 6 and older according to A or B Recommendations of the U.S. Preventive Services Task Force and issued by the Health Resources and Services Administration, including:

- Routine physical examination
- Routine diagnostic screenings
- Mammography screening (for members age 35 and older)
- Cervical cancer screening
- Colorectal cancer screening (for members age 50 through 75)
  - Fecal occult blood testing and
  - Colonoscopy or
  - Sigmoidoscopy
- Certain nutritional counseling
- Tobacco cessation services

Benefits other than those recommended by the U. S. Preventive Services Task Force will be subject to cost sharing amounts. Refer to the benefit plan for further details.

A health care provider will counsel members as to how often preventive services are needed based on the age, gender and medical status of the member.
